WEDNESDAY, DECEMBER 7, 1910

The mood passed yesterday by the Junior Prom Committee, regarding the election of class officers necessitated a revision of the class constitutions. The object of this suggestion of the Institute Committee is to get things started early in the year. This Fall it appears as if the majority of Institute activities have been slow in starting. Let us break away from this spirit of procrastination and put through these plans as soon as possible.

COMMUNICATIONS.

Editor of The Tech:

Out of respect for the memory of William Barton Rogers, in the hope that in the near future we may see fit to observe the anniversary of his birth on "Founder's Day" at the Institute, the Walker Club is today draping the tablet in Rogers and the names of our distinguished graduates will be thereafter inscribed. It is the most important affair this month, and the reputation of the class is dependent upon its success or failure. Its success or failure is absolutely dependent upon the activities of the Junior Prom Committee, therefore, the class by cutting out, whether the Prom will be a success or not.

December 7, 1910.
