The Tech publishes today a communication from the Western Alumni in regard to the lack of enthusiasm in the undergraduate support of athletic activities. The communication expresses the feeling that the alma mater is the greatest support of the Tech athletic contests. We hope to find more encouraging reports in the near future on this matter. Yours truly, NOAH J. STURM, Secretary-Treasurer.

WINCHESTER

Repeating Shotguns

USED IN THE U. S. ARMY.

The U. S. Army authorities know a gun; that is why, when they decided to equip some troops with repeating shotguns, they selected the Winchester in preference to all other makes. The experts of the U. S. Ordnance Board also know a gun; that's why, after submitting a Winchester Repeating Shotgun to all sorts of tests, they pronounced it safe, sure, strong and simple. If you want a shotgun—buy the one whose strength and reliability led the U. S. Army authorities to select it and the U. S. Ordnance Board to endorse it—that's the Winchester.
