LYRIC COMPETITION COMMENCES TODAY

Stage Manager H. E. Schell Will Distribute List of Subjects This Afternoon.

MANY POSTER CANDIDATES.

Manager Woshing Gives Advice On Size and Appearance of Drawing Desired.

Every man who expects to write lyrics for this year's Tech Book should be sure and present at the meeting of lyricists at the show office this afternoon and hear what Stage Manager H. E. Schell has to say on the subject. A complete list of subjects will be given out, together with some valuable hints of what sort of lyrics are wanted. The competition will be closed on January 3, and it is therefore necessary that every man interested in the contest must start at the first gun shot. It is hoped by the stage manager that a maximum number of men will come and write some lyrics so that Coach Sang

Man will be in a position to choose from as many. The subject for lyrics by far the best will have been over before it. If, however, not all of the cast is back to the assigned subjects entirely. A good lyric can be worked out of almost anything.

LYRIC COMPETITION

E. E. SOCIETY HOLDS INTERESTING MEETING

Mr. Henry A. Morss Speaks On "Wire Manufacture"—Over 40 Members Present.

VA R S I T Y B A S K E T B A L L TEAM OPEN SEASON

CLOSE GAME PROBABLE.

Only Chance For Technology Men to Give Team a Send-Off.

Second Game Will Be Played Against The Winchester Team.

ROAD CONSTRUCTION AND MAINTENANCE

Civil Engineering Meeting Will Be Held Thursday in Room 6, Lowell.

Owing to force of circumstances, the meeting of the Civil Engineering Society planned for Room 6, Lowell, yesterday afternoon has been postponed until tomorrow. The place of gathering has also been changed, and the meeting will be held in the old Well Building, at 4:15. The subject to be discussed is "The Principal Methods of Preventing Sudden Damage in Conduits," and the lecturer will be Mr. C. C. Piscopo, who is the head of the good roads movement, and the movement to improve the streets of this town is wide-props. It is, therefore, very fitting that the civil engineers at the Institute should be informed on this subject by such an authority as Mr. Piscopo.

There is quite a little business to be transacted at the meeting also.

SMALL CROWD

Those Who Did Attend Saw Some Very Interesting Exhibitions.

TUMBLING CLOSELY CONTESTED.

W. D. Allen and B. Darrow Prove the Stars of the Evening's Performances.

The small crowd that turned out to witness the annual tennis last night was amply repaid for its pains, for every event that was run off proved of exceptional interest. The fact that a small number were present, however, threw some gloom on the affair, and Manager Allen was disappointed with the small amount of interest exhibited by the boys in this branch of athletics. The tumbling event was closely contested and aroused the keenest interest. It was won by V. C. Smith, who tied for the first place after both had entered the same number of times. The boxing event unfortunately could not be held, owing to the small number present. The wrestling was exceptionally good, the heat between R. B. Blume and B. B. Darrow being very exciting. N. T. McNiel and J. E. Leach also gave an exceedingly close and interesting contest. The results follow:

Tumbling

S. W. Ott and I. H. Smith tied for first; H. L. Gardner second.

Parallel Bars

H. S. Crocker first; S. J. Lyons second.

High Horizontal Bar

D. B. Darrow first; W. D. Allen second; P. A. Heron third.

Cliff Swinging

S. M. Buxtorf first; W. D. Allen second; B. D. Darrow third.

Club Swinging

S. M. Buxtorf first; W. D. Allen second; H. L. Gardner third.

DOUBLE BAR

H. L. Gardner first; W. D. Allen second; T. B. Darrow third.

S. J. Lyons second.

Gym Meet Drawing

Gym Meet Drawing is hoped by the stage manager that the men will start at the first gun shot. It is hoped by the stage manager that a maximum number of men will come and write some lyrics so that Coach Sang

Man will be in a position to choose from as many. The subject for lyrics by far the best will have been over before it. If, however, not all of the cast is back to the assigned subjects entirely. A good lyric can be worked out of almost anything.

CHRISTMAS MEETING HELD BY WALKER CLUB

Gifts Presented and Poetry Read at Meeting in Hotel Victoria.

At the annual meeting of the Walker Club this year in Hotel Victoria, five new members were inducted into the society by their giving thanks on the various kinds of articles that were held at this time of the year. The most interesting description of the gifts was given by Mr. H. L. T. Ross, who talks from France.

Manager has been requested to furnish an account of the meeting.
