MONDAY, JANUARY 2, 1911.

Happy New Year.

All out to the hockey game tonight.

How about those New Year Resolutions? Subscribe to The Tech!!!

Hamas in two weeks.

Three cheers for the basket ball team.

Well call at all lectures today will be sent to the Faculty.

Did you enjoy your Christmas vacation?

Dartmouth at arena tonight.

Tech: 15: Brooklyn Polytech, 15.

Did you follow the example of the Technical Board? They worked all through vacation.

How do you like the exam schedule?

Have you written those Tech Show lyrics? They are due tomorrow.

Also, how about the Poster Artists?

The New Year is a good time to come out for The Tech.

Patroclaze the Union Dining Room.

The Hockey Team plays Dartmouth tonight. This name has always been the most hotly contested game of the season. More than this, Tech has finally been the winner for the past two years by the close scores of 2 to 1 and 2 to 0. This year Tech has a hockey team to be proud of. Let us help them by all coming to the game. The Harvard game was a fine start. Let us have twice the number out tonight, and everyone cheering the team to victory. Everyone at the Arena at 5:15 tonight.

Massachusetts spends the fourth lowest amount yearly for educational purposes in proportion to its wealth of the States of the Union, its expendi- tures in this line being about 33 cents per inhabitant dollars of wealth, according to figures presented to the students of Massachusetts by Presi- dent Macaulay at a meeting held recently. The total amount expended by the State is in the vicinity of 209,000 dollars per annum. Of this amount, the Institute receives 5500 dollars, which after this year will be discontinued, unless a new application is made by the Legislature. Now this instruction is to no means bank- rupt, but money is necessary to carry on the course of instruction. Here beyond the amount which we pay for tuition, as about 470 dollars is spent each year on every pupil. For this reason every student should make it a point to explain this finan- cial requirement to all institutional business men of the outside world whom he may happen to know. In fact, we must have the $25,000, and more would be very welcome.

WINECHER
Repeating Shotguns
USED IN THE U. S. ARMY.

The U. S. Army authorities know a gun; that is why, when they decided to equip some troops with repeating shotguns, they selected the Win-chester in preference to all other makers. The experts of the U. S. Ordnance Board also know a gun; that's why after submitting a Winchester Repeating Shotgun to all sorts of tests, they pronounced it safe, sure, strong and simple. If you want a shotgun—buy the one whose strength and reliability led the U. S. Army authorities to select it and the U. S. Ordnance Board to endorse it—that's the Winchester.
