IN THE LIGHT.

Graffiti has been having trouble with soreness in his feet, but matters are now improving.

The B. A. A. games come February 15. Manager Hogan states that M. T. L. will have a large entry list.

Two relay teams are being developed by Coach M. T. L. and a semi-mile and a two-mile. The one-mile seems to be up to its former high standard, and the two-mile appears much faster than ever before.

Trull is wonderfully fast indoors but has not practiced outdoors much.

J. J. Strachan is the most regular attendant at track team practice.

P. D. White and L. O. Mills are re- peating their ancient rivalry in the half-mile.

Gene Marceau is improving rapidly at the half-mile and may surprise some veteran soon.

1914 BASKETBALL

TEAM SCHEDULE

Dates For Series With Sophs Have Not Been Arranged As Yet.

The Freshman basketball team will soon be playing their games with the Sophomore teams in preparation for their series with the Sophs. They have already defeated the Allen School by a score of 22 to 17. The team consists of Cleaver, Dunbar, Perry, Brannan, Green, Price, and Russell.

The schedule has not been completed, nor have the Sophs been here from in regard to the annual Soph-Fresh series.

Up to date the following games have been arranged:

January 7—Reading High Alumni at Reading.
January 14—St. John’s Prep. at Danvers.
January 21—Revere High School at Revere.
February 4—Winchester Independent at Winchester.
February 18—Haverhill High School at Haverhill.
February 15—Melrose High School at Melrose.

THIRTY-FIRST INDOOR INTERCLASS MEET

Friday, Jan. 6, at 7:30 Sharp, at the Gym on Garrison Street.

CLOSE MEET PROMISED.

Seniors Are Slight Favorites, But Juniors and Sophs Expect to Make Things Interesting.

This meet always arouses the keenest of rivalry between the four classes, and this year bids fair to be the most closely contested for years. Seabold has the three upper classes doped out so easily.

The Seniors claim first honors and, on paper, they certainly look good. W. C. Seabold in the dashes and quarter-mile, Pete White in the half, L. O. Mills in the half and mile, W. D. Allen in the polo vault, and Chambers in the weights, make a formidable aggregation that will make lots of close competition.

The Juniors have also considerable superiority material entered. H. G. Watson in the mile, E. E. Perry in the half and mile, with Van Alstine and Gene Marceau and Gabriel also doing consistently fast work, should bring out so easily.

The Freshmen have MacLennan, Rankin, Trull, Charlie Thompson, Strachan, Murz, Sampson, Ryndel and Milliken hard at work.

The Freshmen are still conspicuously absent, and have Graffiti to do the brunt of the work for his class. It is a shame and a disgrace not to have a snappy Freshman representation at practice. This is the first year that the Freshmen have not been strong contenders at this meet.

Tickets are 50c, and may be obtained from any of the managers. Season tickets admit all.

ADVERTISING POEM.

If you seek for information You may find it in this wise, By looking o’er the pages With a gun; that’s why, after submitting a Winchester to all sorts of tests, they pronounced it safe, sure, strong and simple. Be careful to give us his name and address with every order or on its side in any pocket of bag. A Winchester that won’t ink your pocket. Price $5.00, $8.00, $10.00 & $12.00, including case. Price $2.50 to Bishops. However you may be convinced, the gun is a mouthful, and you will never, without saving it, take it from your pocket. The gun is not a mouthful, and there is no pocket to take it from. But when you have tried it, you will find it to be the strongest, safest, surest, and most reliable gun on earth.

WINCHESTER

Repeating Shotguns

USING IN THE U. S. ARMY

The U. S. Army authorities know a gun; that is why, when they decided to equip some troops with repeating shotguns, they selected the Winchester in preference to all other makes. The experts of the U. S. Ordnance Board also know a gun; they, after examining a Winchester Repeating Shotgun to all sorts of tests, pronounced it safe, sure, strong and simple.

If you want a shotgun—buy the one whose strength and reliability led the U. S. Army authorities to select it and the U. S. Ordnance Board to endorse it—that’s the Winchester.
