FAMILY GATHERING
FOR C. E. SOCIETY
First Meeting of Term To Be Held
at Union on February 10th.
Plans for Other Meetings
Moving Picture Show and Lecture by Mr. F. H. Fay Announced.

As usual, the first meeting of the Civil Engineering Society for this term will be a moving picture gathering. This will be held at the Union on February 10th. Dinner will be served at six thirty, and after that several talks will be made by Professors Spofford, Porter, Allen, Moore, Harmony, and Miller. It has been pro-
posed that a story-telling contest be held in which Professors Moore and Russell are to be the star-hunt opponents, and a committee from the Senior Student Class has been appointed to determine if the Union is strong enough to withstand the explosions of laughter that such a performance will no doubt bring.

All Sophomores should make it a point to attend this meeting, as the value of their future work at the Institute will be greatly enhanced by their really knowing the Professors and men in the Civil Engineering Department.

Mr. D. Montt of Chile Presides—Many Faculty Members and Guests.

ACTING LECTURE
FOR TECH ORCHESTRA
By Mr. S. M. Fay

Mr. S. M. Fay, an ex-member of the Tech Orchestra, gave an acting lecture to the orchestra on Tuesday evening, this being the last time the orchestra will meet this semester. Mr. Fay is an ex-president of the Orchestra, and last term he was an active member of the Music Committee for the orchestra. He is, therefore, a very expert critical judge. Mr. Fay told of the history of the Orchestra, its present condition, and some of the experiences that have been had with it.

A New Musical Society
The formation of a new musical society was for a long time a subject of discussion among the students, particularly after the important and highly successful concerts given by the Mandolin Club and the Oratorio Society last term. The new society, which is the Society of Latin-American Musicians, was founded at the meeting of the recently organized Latin-American Club, held in the Decan's Office, last week. The society is under the auspices of the Decan, who is its President, and the Tucker of the President of the Institute.

The society will hold its first meeting on February 21st, when a concert will be given in the large room of the Union, which will be followed by a dinner at the hands of Mr. F. H. Fay, the President of the society.
