VARSITY BASKET BALL TEAM PLAYS BROWN

The Varsity Basket Ball Team goes to Providence to-night to play Brown. The game will be fast and in all probability much closer than the game here in The Gym., for the Brown team have picked up very fast since the time that they played in Boston. Last Saturday they defeated Yale by a score of 29-15 at Providence and Wednesday, they were defeated by Williams to the score of 28-17. It is easy to see that the game will be very close from these comparative scores, but at the same time it looks as though the Varsity would be able to get away with the game without a whole lot of difficulty.

The men are all in the best of condition for this trip and they will give Brown a good fight. Capt. Parley has put them through a lot of hard work in the past two weeks and as a result the team-work has been greatly improved. The men have to a large extent, acquired the form of the earlier part of the season. In the scoring line Palmer and Ell are expected to be some premier shooting men. Brown’s game is the short passe and long shot, but with the men covering as closely as they are at present it will be hard to get a chance to try this shooting stunt.

The men are confident that they will give Brown another game like the one which was played in the Gym.

Brown won the Yale game simply through the fact that the Yale men could not cover up close enough to stop Brown’s shooting. During the same game Williams was able to stop it and to any one who saw the game at Williams it would seem as though our Varsity could cover up closely enough to do the stunt.

WINCHESTER

Repeating Shotguns

USED IN THE U. S. ARMY.

The U. S. Army authorities know a gun; that is why, when they decided to equip some troops with repeating shotguns, they selected the Winchester in preference to other makes. The government of U. F. S. is also known a gun; that’s why, after submitting a Winchester Repeating Shotgun to all sorts of tests, they pronounced it safe, sure, strong and simple. If you want a shotgun—buy the one whose strength and reliability led the U. S. Army authorities to select it and the U. S. Ordnance Board to endorse it—that’s the Winchester.
