VALENTINE PARTY OF ELECTRICALS

Dinner In Union Tonight. Followed
By Address By F. F. Valentine

This evening will be held in the din-ning-room of the Union, at 6:30, the Electro-Energy Engineering Society's Valentine Party. Mr. F. F. Valentine, of the N.E.T. & T. Co., will be the speaker of the evening and he will speak of the Boston Exchange and the proposed new rates,—in short he will give a rather general talk on telephony in Boston. The toastmaster will be Mr. L. P. Ferris, the president of the Society. Tickets are $1.00 and already about sixty have been sold.

This affair is somewhat of innovation, and the committee decided to make it come on Valentine's night. An account of the speaker's name, something in the line of comic valentines, hitting the various members, may be expected. The menu will be in line with the spirit of the evening. During the evening, the new pins of the Society will be dis-tributed to those who have ordered them.

Following the custom set some time since, the excursion will be held on Thursday and Friday, to the Fort Hill Exchange, for all men of the Society who sign up on the bulletin board in Lowell.

ARCHITECTURAL SOCIETY

HOLDS SMOKER TO-NIGHT

Mr. Hugh Cairns will speak on
Sculpture and its relation to Architecture

At the Architectural Society smoker to-night, Mr. Hugh Cairns of the Fenway studios will give a talk on Sculpture and its relation to Architecture. Mr. Cairns, because of his prominence in the world of sculpture, is particularly well-fitted to speak on the subject he has chosen. He will illustrate with models that he makes of clay during his talk.

To this event are invited the first year Course IV students. It will be held in room 417 Pierce at eight o'clock. The smokers are invited to come and a good time is promised to the large number who will be present. The tickets are thirty cents each.

ANNOUNCEMENT

Mr. A. C. Morse, formerly of Morse & Henderson, is prepared to receive his customers at his old address, 18 Boylston Street, Room 14, where he will display selected importations in saddlery, neckties, etc.

He has secured the services of Mr. C. B. Allen, who, for thirteen years, has been cutter for H. B. Curtis, Tremont Building. Mr. Morse believes that in Mr. Allen he has a competent cutter, informed with the latest principles and ideas in the art of cutting.

Your patronage is solicited.
