The Annual dinner and meeting of the Mechanical Engineering Society, will be held on the first week in March, probably at the Boston City Club. Among the guests and speakers will be Mr. M. J. L. Miller, also of the Department, Mechanical Engineering, Professor Edward E. Butler, of the Department, and Professor A. J. N. N., head of the department, at the Massachusetts Institute of Technology, delivering a lecture before the Society. The subject of Power Plant Construction, will be illustrated with lantern slides. A paper on the Project Value of an Internal Combustion Motor will be delivered before the Society by N. S. Deardorff, and a special section is to be reserved for the discussion of the subject. The meeting will be held on the first week in March, probably at the Boston City Club.

The other meetings to be held during the month will be as follows:—Meeting addressed by Mr. M. J. L. Miller on the subject of Power Plant Construction. The meeting was held on the first week in March, probably at the Boston City Club. Among the guests and speakers will be Mr. M. J. L. Miller, also of the Department, Mechanical Engineering, Professor Edward E. Butler, of the Department, and Professor A. J. N. N., head of the department, at the Massachusetts Institute of Technology, delivering a lecture before the Society. The subject of Power Plant Construction, will be illustrated with lantern slides. A paper on the Project Value of an Internal Combustion Motor will be delivered before the Society by N. S. Deardorff, and a special section is to be reserved for the discussion of the subject. The meeting will be held on the first week in March, probably at the Boston City Club.

The Anti-Mechanical Engineering, Professor Edward E. Butler, of the Department, and Professor A. J. N. N., head of the department, at the Massachusetts Institute of Technology, delivering a lecture before the Society. The subject of Power Plant Construction, will be illustrated with lantern slides. A paper on the Project Value of an Internal Combustion Motor will be delivered before the Society by N. S. Deardorff, and a special section is to be reserved for the discussion of the subject. The meeting will be held on the first week in March, probably at the Boston City Club.
