The face to break a camera?

The Civil Engineering Society surely deserves credit for managing such a novel and successful entertainment last Friday evening, but little credit is due the audience for the quality of singing heard. It seems very unfortunate that we should allow our ignorance of Tech songs to be displayed in public, and especially ignorance of the "Silent Song." It is hard to believe that any real college man and of all Tech a man, should not be able to sing the "Silent Song" but such seemed to be the case last Friday night. Why not try it again and at least give people a chance to hear the songs played in a good shape so they will be slightly acquainted with the tune and able to make a better blast at some school spirit than appeared last Friday night.

FIRE-CHIEFS BLAME INSURANCE COMPANIES

Editor to The Tech:

The question "What change, if any, should engineers and other manufacturers do to prevent the spread of fires extremely difficult, according to the opinions there expressed the blame lies with the insurance companies and the ignorance and recklessness of the people, in acting on the harmful effect of the insurance companies. It is, indeed, does not arise from wrong business practice, but from the fact that their mere existence and acquisition of fire risks causes house builders to take risks. The building wooden houses almost entirely throughout the suburbs and districts makes the prevention of spread of fires extremely difficult, according to the opinions there expressed the blame lies with the insurance companies and the ignorance and recklessness of the people, in acting on the harmful effect of the insurance companies. Each and all a Tech man, should not be able to give the rate of one cent a copy.

MondAy February 20, 1911

Only one game stands between the Basket Ball Team and the end of its session. This, as has occurred in the past, is to occur on the night of Washington's birthday. The opposing team will represent Dartmouth College, who defeated the Tech aggregation in a hard contest and in the cheering showed every Tech man should resolve today to be at the gym Wednesday night with his vocal organs in the pink of condition. The men on the team declare that they must have this game to give a proper ending to their year's work, and we must stack them all we can. Remember: Keep Wednesday night for the game.

Men who were present at last year's Hook Night entertainment will join us in thinking that some definite program will be worked out for their affair which is soon to be held in the Union. The Committee must realize that the spirit at such meetings tends toward rowdism, and that this can only be avoided by their providing a well rounded program. The Hook Night idea is a good one, and if properly looked after, the affair will be one of the best Union entertainments of the year.

At Notman's studio, a couple of seniores have their pictures taken for the Portfolio when the camera snorted and broke. Who in the senior class has got the "face" to break a camera?

We suggest as favorite selections

Fancy Negligee Shirts made from Scotch madras
3.00 Each

Fancy Negligee Shirts made from D & J. Anderson madras
3.50 Each

Quality of Workmanship and Fit Guaranteed

Made to Order Shirts.

FOR FASTIDIOUS MEN AND THOSE OF UNUSUAL SIZE

ANNOUNCEMENT

Mr. A. G. Morse, formerly of Morse & Henderson, is prepared to receive his customers at his old address, 18 Boylston Street, Room 14, where he will display selected importations in suitings, overcoatings, etc. He has secured the services of Mr. C. B. Allen, who, for thirteen years, has been cuttor for H. B. Curtis, Tremont Building.

Mr. Morse believes that in Mr. Allen he has a competent cutter, informed with the latest principles and ideas in the art of cutting. Your patronage is solicited.
