Subscriptions within the Boston Postal District and outside of the United States must be accompanied by postage at the rate of one cent a copy.

TUESDAY FEBRUARY 28, 1911

The Tech wishes to announce the election of A. J. Pastene, 1913, to the News Board, and of C. A. Corey, 1912, D. E. Lewis, 1915, and E. Steere to the News Staff. The former Tech Board is now called the Managing Board, the Associate News Editors together with the news members of the Managing Board, must have been organized into the News Board, the Business Associates and the business members of the Managing Board, to form the Business Board.

The appointment of a committee by the Institute Committee to secure new Tech yells is the first step to increase the variety and improve the quality of our cheers. The present cheers have aroused widespread discussion, but suggestions for new yells have been offered only by a few. The competition is not now close enough to each individual to be really personal. To bring the competition closer to each man, and to arouse more widespread enthusiasm on the part of the student body, would not be a good plan to have appointed by the present committee, sub-committees to each class and thus promote a little competitive rivalry between the four classes to submit the best. The greatest number of accepted yells? By making the competition more personal, a better selection of yells will be secured.

CHIMICAL SOCIETY

MEETING TO-MORROW

Dinner, Speaking and Mysterious Strints Not Divulged Are Promised

To-morrow night the Chemical Society will hold a meeting in the Union somewhat on the lines of the dinner held a year ago. The dinner will commence at 9 o'clock, and will be held in the upper dining-room of the Union. Professor Walker of the Industrial Chemical Laboratory and Professor Fey of the Analytical Department, are to speak on whatever subjects they choose, and they have not announced their subjects. The meeting really is to be in the form of a family party and the fun committee promises something of which, hush! You will find out if you go to the dinner.

As last year's meeting was a big success and the number of tickets already sold indicates a large crowd this year a good time may be expected by all of the chemical men. Tickets for the dinner are seventy-five cents, and may be obtained from any of the society's officers.

Orchestra May Play Hook Night

Short Rehearsal Friday at 4.30 P.M., Programme Cut Short at C. E. Dinner

Next Friday evening at Hook Night the Orchestra expects to give the following selections: the Raymont Overture, the Egyptian Ballet, the Chocolate Soldier and, if requested, several Tech Songs. A short rehearsal will be held Friday at 4.30 P.M., and members must be on time.

Last night at the C. E. Dinner the Orchestra was to have played the Raymont Overture, the Egyptian Ballet, and the Chocolate Soldier, but on account of a rearrangement of the plans by the C. E. Society the Raymont Overture was the only selection rendered.

TECHNIQUE 1913

At a meeting of the 1913 Technique, a resolution was brought forward to place the charge for tickets at $1.00, and this resolution was approved.

ANNOUNCEMENT

Mr. A. G. Morse, formerly of Morse & Henderson, is prepared to receive his customers at his old address, 18 Boylston Street, Room 14, where he will display selected importations in suitings, overcoatings, etc. He has secured the services of Mr. C. B. Allen, who, for thirteen years, has been his cutter for H. B. Curtis, Tremont Building. Mr. Morse believes that Mr. Allen has a competent cutter, informed with the latest principles and ideas in the art of cutting. Your patronage is solicited.
