ALUMNI NOTES

At the recent meeting of the Technology Alumni Association of Buffalo, Mr. Schuyler Hazard, Chief Engineer of the excavation for the new Pennsylvania Station in New York gave an illustrated talk on that subject. Afterwards the following officers were elected: W. H. White, President; R. F. Mingle, ’95, Sec.; W. L. Spalding, ’03, Treas.; Ex. Com.: H. F. Boyd, ’80, F. Vogel, ’90.

Arnold W. Brummer, ’79, of New York City, was on the executive board for the planning of the new State Department building which is to be erected in Washington. Mr. Brummer is architect for the cities of Cleveland, Baltimore, Grand Rapids and Rochester. He is ex-president of the New York Chapter of the American Institute of Architects, and for two years was a member of the Art Commission of New York City.

Even among his classmates, few were aware of the benefactions of Linwood O. Trowe, ’78, to deserving young men who were struggling for an education. In his will, which was recently probated in Salem, a provision is made for continuance of this assistance to new students at educational institutions with causes unprovided for until they shall be graduated, or decide to leave to take some employment. These men will not be asked for payments on loans advanced where such payments would handicap the men too soon after getting employment. It also provided that the benefactors will not be present for payment of notes if not convenient, until five years after the men have graduated.

Charles L. Bates, ’03, I, Assistant Division Engineer of the Canadian Pacific Ry., is in New York for a month's vacation. For the past four months Mr. Bates has been in charge of the location of a line connecting Regina, the capital of Saskatchewan, with Prince Albert, the most northerly city in that province. This line will probably be constructed during the coming summer, in which case Mr. Bates will be the Engineer in charge.

F. 2.3:

FINAL ARRANGEMENTS

Entire Floor of Hotel Tuilleries
Included in Promenade To Be Engaged

Final arrangements have been made by the dance committee of the Battalion with the management of the Hotel Tuilleries for the Hop. The floor will be given over to the affair. There is, besides the ballroom, a large silt room, a dining-room and a promenade. In many corners there are palms, and Tech decorations will be prominent.

Most of the officers have decided among themselves that they would not get flowers, and the committee prefers that they be not brought, as they are likely to spoil the dancing. The tickets are still being sold, and it is hoped that all who are undecided will decide quickly and get tickets immediately.

CORNELL DROPS HARVARD

To Play Michigan

Cornell Schedule for next Fall.
All but Two Games to be at Ithaca.

Cornell's football schedule for next season has just been announced by the Athletic committee of that college. The reason on September 27, and ten games will be played, all but two of these at Ithaca. The Michigan game takes the place of the Harvard game on November 11. As such the schedule is as follows.

Sept. 27—Albany (in Ithaca).
Sept. 30—Syracuse (in Ithaca).
Oct. 28—University of Pittsburgh in Ithaca.
Nov. 4—Williams (in Ithaca).
Nov. 11—Michigan in Ithaca.
Nov. 18—Chicago (in Chicago).

The spring baseball Southern trip schedule was approved and includes from April 6 to 19, games with the Washington Americans, George-town University, Rad- ford Eastern League, Dartmouth, April 11, and South Orange Athletic Club, April 18.
