INTERSCOLICIAL SQUAD DRILL REGULATIONS ANNOUNCED

Held Under Auspices of M. I. T. Cadets, Awards for Squad Competition

M. E. SCHOOLS INVITED

Committee on Interscholastic Drill
in Charge of Event.

An Interscholastic competitive squad drill will be held under the auspices of the M. I. T. Corps Cadets on Wednesday, April 26, 1911, at 2:30 o'clock, at the South Armory, Irvington Street, Boston.

The competition will be open for teams from High or Preparatory School in New England.

The squad entered by any school will be made up of seven or eight cadets from the military organizations of the school; it will be commanded during the drill by any non-commissioned officer of the same organization; it should be uniformed and equipped according to the regulations and customs of the school only. The entry fee of one dollar will be charged against each school. The certificate from the Principal or Military instructor stating the names of the participants and that they are regular members of the military organization which is the rank of private (except the commander of the squad, who may be a Corporal or Sergeant.) Notice of entry and payment of fee is to be made on or before April 18th.

An appropriate banner will be awarded the winning squad and such additional one to the squad making 2nd or 3rd place. No certificate will be given accordingly.

All communications should be addressed to Committee on Interscholastic Drill, Massachusetts Institute of Technology, Boston, Mass.

CONDITIONS UNDER WHICH SQUADS WILL BE JUDGED.

All squads should be reported by their commander to Cadet Major Golden M. I. T. at the South Armory by 2:30 P.M. April 26, 1911.

They will all be formed for inspection at 2:30 P.M. and each squad will be inspected by lot in its order in drill. A certain time will be allowed each squad during which it may execute such movements as its commander determines upon. The amount of this time will depend upon the number of entries. It will not be less than five minutes.

Thereafter, the judges may direct certain movements to be done in arriving at the relative efficiency of competing squads.

The squad commander if he so desires, may carry a paper outlining the movement contemplated.

The decision will be based upon the individual setup and on conditions of uniformity, equipment and arms as shown at inspection, and upon the accuracy and thoroughness of the drill; but the drill will be the principal feature.

The infantry Drill Regulations U. S. Army (1914) will govern us to movements to which they apply; if a different opening is used on account of the rifle, credit will be given accordingly.

The men are urged to send a copy of these regulations to the home school, so that arrangements may satisfactorily be made.
