- $50 in class dinners

The institute has a healthy financial standing, with a surplus of $145.90.

**TECH BOOSTER'S DINNER TONIGHT**

**All Men Interested in "The Tech" are Especially Invited**

At 6.30 P.M., tonight, the "Tech Boosters' Dinner" will be held in the Union. The primary object of this dinner is to discuss "The Tech" and its affairs. To this end, all men interested in "The Tech" and its machinery have been invited. The men interested are the members directly connected with "The Tech" are required to be present at 6.30 P.M. It would be a distinct advantage to the school and hence to every student who attends to show a lack of ambition, which is not characteristic of our class members.

If you sign up early your act has an influence on others, helps the good cause along, and distinguishes you from the small minority of bad boys who never wear a dress suit and stare at the more prosperous students. The best and prettiest girls of the state will be there. The Tech is going to be there. If you want a good time, if you want a girl, ask her to the Prom. She will appreciate it more than a dozen roses or a bunch of flowers. The Prom is an honor which every Tech man has the chance to confer upon some girl who should be honored with the opportunity. The program is a success to the extent that both the girls and yourself will take pride in preserving. They are not only beautiful mementos of your college career, but are also useful and as exclusive card cases.
