FIELD DAY TO BE
FEATURE OF TECH CAMPUS

ATHLETIC EVENTS AND ALL SORTS OF STUNTS PLANNED FOR AFTERNOON OF APRIL 14TH.

GOLDEN OPPORTUNITY FOR FAME

Noise, Fun, and a Grand Time Surely in Store for Students Part to Help Things Along.

On Monday, April 14th, the Technology College "Field Day" and "Stunts" will be held at Tech Field. This is primarily for the students and is part of the celebration of the 50th anniversary of the Institute. A committee has been appointed to manage the affair and now is hard at work and only needs the cooperation of the students in order to insure a success. It is desired to have as many students as possible, and there will be no end of good contests and humorous events.

Now is the time to arrange to take part in one or more of these "Field Day" or girl out to the field and show them how a crowd of Tech men can act when stirred. There will be a relay race between teams from the four classes. Two all college teams will show how the national game should be played. The following morning the Red Sox team goes easy. The gym team will very likely perform and will show how the national game should be played. The national game should be played. The national game should be played.

As a Health Officer, his subject, from Social and Time

INTERESTING ADDRESS
BEFORE SOCIETY OF ARTS

Prof. Ritchie Spoke on Recent Progress in Astronomical Photography

Illustrated by Slides

Sixty Inch Reflecting Telescope at Mt. Wilson Described in Luscious Detail.

In an address delivered before the Society of Arts last in January, Prof. R. C. Thompson, '11, of Culebra, Canal Zone, will talk on "The Cosmopolitanism of America," and bring all the rays to a focus somewhere in the Union.

As a Health Officer, His Subject.

Interesting Address before Society of Arts

Concluding Meeting.

The Biological Smoker, held last evening in the Union, was a most enjoyable affair. All present felt that equal would be the result of attending. The meeting was opened by President Schenck, who read a paper from Mr. Scharff, who expressed his desire to be of service to the club. The paper dealt with the subject of "The Care and Feeding of Cows." It was received with enthusiasm by all present. The meeting was then adjourned.

THOMPSON CAPTAIN OF 1913 TRACK TEAM

Yesterday the sophomore track men held their annual meeting. The captain of the team, A. H. Thompson '13, was introduced and his address was followed by enthusiastic applause. Thompson spoke of the great advantage of a large faculty and the importance of a large faculty in the education of a student. The meeting was adjourned for refreshments.

AMERICAN NIGHT AT COSMOPOLITAN CLUB

On Saturday evening, March twenty-ninth, at eight o'clock, the Cosmopolitan Club of Boston held a reception for the students of the University of the United States. A large number of students were present, and the evening was one of great interest and enjoyment.

In the Union, the theme was "The Care and Feeding of Cows." The subject was dealt with by Dr. C. Thompson, of the University of the United States. Dr. Thompson spoke of the importance of the student's diet and the care of his body. He emphasized the need of a balanced diet and the importance of physical exercise. The meeting was concluded with a vote of thanks to Dr. Thompson for his excellent address.

The next day, April first, the captains held a meeting in the Union. The captains were A. H. Thompson, A. R. Thompson, and J. W. Thompson. The captains spoke of the great advantage of a large faculty and the importance of a large faculty in the education of a student. The meeting was adjourned for refreshments.

On Wednesday evening, April twenty-sixth, "Frenzied French" will be given at Malvern. This performance comes very near and is invariable well patronized by all. As this performance is the only opportunity that the general public has to see the Tech Show, they never fail to see it.

As has been announced, the Boston Thaeter presentations will take place at the Shubert Theater on the afternoons of April twenty-sixth. There will be performances of "The Chocolate Soldier" and "The Girl of the Golden West."

Last year the Management found it necessary to blacklist a number of Student. In order to get the right people on the blacklist, only the major associates will be used. All other associates will be used in the future.

Every day for further information about the Tech Show, check the Tech. Club. A letter to get out in a hurry is often the best letter to get out.

MRS. ELLEN H. RICHARDS
ILL WITH HEART FAILURE

Recognized as one of the Leading Lady Scientists of the World.

Mrs. Ellen H. Richards, Professor of Air and Water Analysis at the Institute and one of the most widely known and respected scientists of the country, died critically ill in her home in Boston. On Thursday evening she was taken to the hospital, where she passed away on Saturday morning. Her death was a serious loss to the Institute and the country. Her work was done in the interests of the United States and of the world. She was a true friend to all who knew her. Her death was a great loss to the Institute and the country.
