MEETING OF HOUSE COMMITTEE YESTERDAY

Reports Show Improvement Over Last Year and First of This Year

Several changes in the membership of the Union committees have recently taken place. Harold M. Davis has been made chairman of the Entertainment Committee and Philip Merrill and Francis H. Achard have been appointed members of the committee. Oliver D. Powell is the new chairman of the Home Committee and Windtrep E. Caldwell, Loring G. Firthgood, J. O. and Lucien W. Burnham, Jr. are the new appointments to that committee.

Committee generally show considerable improvement over those of last year and the early part of this. Greater care in the use of the magazines is to be desired. In the clubs of the city a magazine hideout does not need repairs more than once in a year or two whereas those in our own rooms are sent to be fixed on an average of about two months. Little care in putting down the magazine instead of throwing it down would be much appreciated.

There seems to be some misunderstanding among the fellows concerning the storage charge at the Cage. This charge was made by the committee in order to prevent long continued storage of articles in the Cage and a consequent burden on Charlie. Some poor gullible fellows have endeavored to get around this ruling by re-checking the same every three days. In the future, this method will not work as the men will be charged for the time the article is stored irrespective of the number of times it may be re-checked. Some suggestion as to increased charge for the time the article is stored will have to be made in order to keep the men from imposing upon the privileges given them.

The Cage should be considered as a temporary storage place and not a permanent resting place for superfluous articles.

There is considerable waste evidently in the use of paper and envelopes. The paper is intended for letter or note writing and not for working math or physics problems. Some cooperation among the fellows using the Union and those having charge will be of mutual benefit. Any suggestions for changes or improvements will be welcomed.

The polls to be given in the Intercourse Meet Saturday April 4, have been placed in the bulletin case in the large lounge room near the Cage.

BALLOTS FOR 1911

Polls Close at 4 P. M. on March 31; that contains the names of the twenty-five men elected to the Senior Class Day Committee.

Ballots containing the names of the twenty-five men elected to the Senior Class Day Committee are now at the Cage for all members of 1911 who were eligible to vote in the election for the Senior Class Day Committee. The twelve ballots are for the purpose of electing the three Class Marshals, who will be chosen from among the members of the Class Day Committee.

The names will be printed on the ballot in alphabetical order and not in order of election to the committee. As before, President's name is not included, as he is not eligible, by virtue of his office, to become a candidate for marshal.

The polls will close promptly at 4 P. M. on March 31. Ballots to be left at the Cage, before the close of the same.

In spite of the fact that it was emphasized several times, that twenty-five men were to be voted for, the recent election revealed a general ballot which had to be rejected because of overvoting, route. Please bear in mind that three and only three names are to be checked, and that the printed names on the ballot are to be signed with the voter's name. Due to approximately two hundred and fifty men who voted, the ballots should consist of only one name, the one for whom the Class Day Committee; this second ballot should call out an even greater number.
