TUESDAY EVENING THE TECHNICAL SOCIETY will hold a meeting in the Gore. The meeting will be at 4.30. The meeting will be held at 4.30.

Aidea of a Field Day in which every student should participate will be announced. The big idea only day only ten days away and it is one of the topics of conversation whenever a number of students get together. The idea of a Field Day in which every student should participate is just a part of the program. The whole object is to furnish amusement for the students. The students interested will be part of "One Grand Good Time" on April 10.

About a score of men reported to Captain Eastman yesterday at Tech Field for the first practice of the Sophomore baseball team. The work was very light, consisting of a half hour's infield practice followed by an hour of fielding. The men did well at the bat for the first day out and lined out in creditable fashion. The fields were less necessary due to the soggy weather.

REINFORCED CONCRETE BEAMS

The Summary:--

M. E. EXCURSION TO WALTHAM WATCH FACTORY

The Summary:--

THE MECHANICAL ENGINEERING SOCIETY will hold a very interesting excursion to the Waltham Watch Factory on Tuesday afternoon. Arrangements have been made for 400 people, many of whom are interested in watches and watch making.

The party will be divided into small groups and each group will have a special guide for the day.

There are three batteries of boilers of the B. & W. types rated at 100,000 lb. per hr. There are 600 lb. out put being delivered by automatic engines running continuously. The plant is equipped with an Ingersoll Rand, duplex air compressor. There are 25 000 HP. automatic engines of 250 Kw. and 100 Kw. output.

The insulation is enabled by having many operations performed by automatic machinery and some very complicated and delicate processes will be inspected. The interesting machine that works on the data of the watch performs 112 operations in 7 minutes, automactically the solid being fed in and the finished plate coming out. Much work is to be performed by expert watch makers as it takes over 2 hours to go from the raw material to the finished watch. The 4.15-Technique Electoral Com. Mtg. through the plant. The party will leave the factory and see the world famous "E-e Yah". This will be a ball game worth going miles to see. A vote was made that see "Hughie" Jennings' understudy chew on for Big Student Celebration April 12, are now on sale and may be purchased in the store. The factory is about 6 miles walk from the station. The fare is 10 cents each way.
