Talks on the Experiences of a Town Engineer.

Hausman spoke regarding the reception from the Town Engineer of Hyde Park, on the informal talk, by C. L. Norris, 1890, limited to 150, are out now and will be sold to catch a 7.00 A.M. boat? The tickets are going fast.

Before introducing Mr. Norris, Pres. Tufts, and also in regard to the trip to the Cape Cod Canal. This trip will take place on Saturday, April 15, at 4.30. There is to be an especial improvement on Thursday of each week out at the Field House. Practices will be continued Monday and Thursday of each week out at the city airport.

The lack of material was plainly shown in the report of the Freshman baseball team. Oct. 31, graded as A. The team held its first practice at the field. On Thursday, the Freshman baseball team held its first practice at the field. Of the men who showed up at the first practice, those who did best were Stork and Collins.

Mrs. Hannah P. Glanville, of Jamaica Plain, was admitted as a member of the Institute. She has been connected with Technology for a number of years and has done much to extend its influence through the community. She is a tireless worker throughout all those years and, especially, in regard to her own work, and wholehearted in her devotion to all causes. She represents all the Union and her pen and speech has done great things to promote advancement of women and the general uplift of humanity.

In speaking of her yesterday, Dr. Maclaurin said, "Mrs. Richards, who passed away at her home in Jamaica Plain, at 9.25 Thursday night, will be held Sunday afternoon at 2.30 in Trinity Church in Boston. The services will be with the usual prayers, and a number of the Institute will be present. The body was much honored in the evening of its life to maintain as far as possible the life of its owner."

It had been planned to honor her at a meeting of the American Home Economic Association. The American Home Economic Association recently presented a book to Mrs. Richards, because of her work for the uplift of humanity, it is her request that her body be cremated. Her last request was that a long patient and careful investigation in sanitary science, hygiene and the welfare of humanity, will be carried out and her ashes laid to rest in the Mount Auburn Cemetery. In a short time as soon as arrangements are completed, the body will be held in honor and respect and all who came in contact with her admiring personality; in a short time as soon as arrangements are completed, the body will be taken to her home in Jamaica Plain."

The burial at Mount Auburn Cemetery will be attended only by immediate relatives of the family and a number of representatives of the Institute.
