HARMONY PERSONIFIED

IS SHOW CHORUS

Coach Sanger is again on the scene
and with the several corrections to the
book, well rehearsed, matters are progressing
in a very gratifying manner. Yesterday
afternoon, the whole play was gone
through and this program will be repeated
to-day. The men are catching the spirit
influenced by Mr. Sanger's intense energy.
They have now mastered parts fairly
well and will be given some room
for improvement in this respect. Those
who have been fortunate enough to follow
the course of the rehearsals are interested
in the extreme. Indeed, the dia-
togue is full of little passages, that can
fail to bring down the house.

J. X. Haywood is working out his part
of Phil Van Veen in a manner that
gives anyone points on fouling. His
singing, also, is one of the features of the de-
file. J. H. Smithy, the other delegate from
Harvard College is working wonders in the
pretty girl role. Those who remember
J. H. Rollison's achievements in this line
will realize what can be done in such a situation.
J. H. Smithy has it, a most bewitching
dilemma and aside from giving the previous
girl Tech Show has ever had, ought to make even the feminine
part of his audience jealous. C. P. Cott, who
left last year as Roberta Schleib, makes a
very last year the march of heathery
feature of the show. The dances of the chorus are progressing
rapidly and all the new numbers, the sixty-
five of sometimes sheep but always interesting
there are, and the Miss Schleib, he is more than worth
listening to. The opening chorus and ensembles are very
complimented, and prettily worked out
this season. During the week, Mr. Smithy
has been teaching the men to sing harmoniously,
and put on the accent of the right
words.

COMMUNICATION

The headlines of the article which
include the privilege of attending the
Alumni Banquet and Smoker were
for undergraduates are to be allowed
undergraduate body may participate
in undergraduate activities is that of
participate in the Smoker and that
time for the same are fifty cents. It
should be emphasized that of the under-
graduate, only the Seniors are to partici-
bate directly in the Banquet and Smoker, and that
tickets for the Smoker are one
dollar, and those for the Banquet are five
dollars. The Banquet ticket, however,
includes the privilege of attending the Smoker.
On the other hand any member of
the undergraduate body may
attend either from the balcony, and
ballroom tickets for each event are
fifty cents. These balcony tickets may
be obtained at the Information Desk
of Rogers.

PRIZE OFFERS FROM LEADING MANUFACTURERS

You take no chances with a .38 caliber COLT
American Pistol: it's sound in construction, safe to carry, reliable in use.
Forcing the Breechbolt and safety out of the barrel gives solid support for the high-pressure carti-
gidge used. If, through defective ammunition, or but burst or ex-
cessive pressure is developed, there is
no weak part to give way, nothing
can be blown back in the shooter's face: the Solid Breech is a shield.

Rapidity of fire depends only on quickness of shooter's finger. The COLT has proved
quickest for actual tests—magazine fired in 1-3-5 seconds. Every shot under control; every
shot accurate.
The COLT is flat, compact and powerful;
perfectly balanced and fits the hand.

Catalog E mailed free.
If your Dealer does not sell COLTS, send
