SATURDAY APRIL 8, 1911

The editor understands that there has been a certain friction between some of the representatives of the Musical Clubs and the students who are at the present time taking vocal or instrumental instruction. It is hoped that this friction will be brought to a just conclusion, and that the students will be permitted to pursue their studies without interference from the Musical Clubs or anyone interested in them. It is also hoped that the students will be permitted to continue their studies without any hindrances from the Musical Clubs.
