THE TECH

Students of Civil Engineering

You should read the ENGINEERING RECORD in connection
with your studies.

It describes engineering works which exemplify the best
practice in design and construction.

It will keep you in touch with the work of the leaders in all
branches of civil engineering and construction.

It will make clear the practical applications of the engineering
principles you are studying.

The RECORD is devoted exclusively to subects of interest
to civil engineers.

Its volumes contain an immense amount of valuable technical
and practical information on engineering work.

You should have this information on file for future reference.
Some day you will need it in your work.
