DINING ROOM

Surplus will be Turned over to Institute Treasury for Year's Deficit

FINAL GATHERING OF YEAR

Excellence of Entertainment and Menu Sure to Attract Members

Thus far the attendance and profit at The Union has shown improvement over last year, and the full year will show a considerable improvement.

The total excess of receipts over expenditures for the year was $733.60. This does not include any charges for any expenditures for building improvements, etc., which will amount to $559.19. The cigar and candy company, however, claims the surplus will be $425.72. A profit of $43.91 has been made on the sale of weekly magazines. The expense in connection with the selling of these magazines is $559.19. The cigar and candy company presents its respects and includes any charges for any expenditures for this item amounting to $308.35. A profit of $43.91 has been made on the sale of weekly magazines.

The attendance at the Dining Room has shown improvement over last year. In recapitulation, the total receipts have exceeded the total expenditures on all accounts by $425.72. A profit of $43.91 has been made on the sale of weekly magazines. The expense in connection with the selling of these magazines is $559.19. The cigar and candy company claims the surplus will be $425.72. A profit of $43.91 has been made on the sale of weekly magazines.

ALL ABOARD FOR DARTMOUTH

55,875 up to April twenty-third of last year. The attendance is 67,185, compared with a gratifying increase over last year. Up to April twenty-third of last year. This increase is remarkable, and makes the round trip fare less than $11.22. The rate for the round trip to Hanover is $559.19. The total attendance to date shows an increase of twenty percent. The total attendance last year was 66,712, or less than the attendance to April eighth of this year.

How about a Special Train Load of Fellows Having a Good Time On the Way?

Although the attitude showed by the men with regard to the proposed Brown Trip last week was discouraging in the extreme, it has been decided to put another proposition before the student body. Arrangements can be made with the Boston and Maine for a special train to Hanover on the day of the meet with Dartmouth.

To-night, at a quarter of eight in Huntington Hall, the second and last entertainment of the term will be held under the auspices of the Student Entertainment Committee. The musical numbers on Hook Field were well received and the Chester State Soldiers were such a success that this was decided upon to be continued next year. In connection with the affair in Huntington Hall, it was also decided to have Musical Night at the Union Dining Room this evening. An excellent program has been provided and an orchestra will furnish music. Careful arrangements have been made so that the concert will commence on time, and that the numbers will run off with the shortest possible lapse of time between them, thus making the entire program not more than two hours long.

The meetings for the class divided into sections and there will be signs to designate the different sections. The centre is reserved for the Faculty. The classes of 1911 and 1913 are assigned to the section on the left, and the classes of 1912 and 1914 to the section on the right. A block of front seats in the right section and there will be signs to designate the different sections. The centre is reserved for the Faculty. The classes of 1911 and 1913 are assigned to the section on the left, and the classes of 1912 and 1914 to the section on the right. The classes of 1911 and 1913 are assigned to the section on the left, and the classes of 1912 and 1914 to the section on the right.

We have reserved some more of his usual interesting and educational talks which are appreciated and never fail to attract the interest of the Students.

The meeting will begin at 6.30 sharp.

EXCELLENT MENU

To Be Held at Copley Square Hotel 6.30 P. M. President Professor Secured

Results of Annual Election of Officers to be Announced

The officers in charge of the Civil Engineering Society are now in the process of securing the final details for the largest and best entertainment ever given by that society. The event will take place Friday evening, 6.30 sharp, at the Copley Square Hotel and due to the excellent financial condition of the Society a ten-dollar dinner will be served to the members for one dollar.

The committee in charge have been most fortunate in securing able speakers and the list includes many active graduates of the Institute. Professor C. Frank Allen, '72, of the faculty will give one of his usually interesting and educational talks which are always highly appreciated and never fail to attract the interest of the students.

Mr. James W. Rollins, president of the National Carbon Company, who graduated from the Institute in 1884, will give an instructive talk on his experiences with bridge and dam building. Mr. Rollins who is now the head of the Engineering Department of the Company would likely to talk on something connected with his days at Tech. It is to be remembered that he was once considered as "the baseball player" at the Institute, Mr. Louis K. Rourke, of Boston, who is the Commissioner of Public Works, will also speak, and anyone who has heard this gentleman speak knows that there is never an uninteresting moment when he has the floor. Mr. Rourke graduated from the Institute in 1893 and was for some time employed by the Government as the most essential part of the Panama Canal.

The fourth speaker to be mentioned is Mr. John F. O'Rourke from New York. Mr. O'Rourke is a prominent citizen of the city and is President of the Corporation which bears his name and has lately taken the view that the present common naval plan which he proposed for raising the money for building the new ships, and for raising the money for building the new ships, and for which he has been responsible, should be continued.

A motion was made that the Institute Committee recommend to the three lower classes that the eligibility for election to the Class Day Committee should be announced. An excellent program has been arranged and with the aid of the orchestra an enjoyable evening banquet in the history of the Institution.

The meeting will begin at 6.30 sharp.
