RESUME OF MUSICAL CLUBS' SEASON

Long Series of Entertaining Concerts Closed with Cash Surplus

NEXT YEAR'S PLANS

Intention is to Take a Long Western Mid-Year Trip

Last week, Wednesday night saw the conclusion of the 17th successfull season, financially, artistically, and socially that the Combined Musical Clubs have had. The first concert was given under the auspices of the Auburn Improvement Society, in Newton Hall, and was followed by a dance in December sixteenth, the usual Winter Concert and Dance in Cooley Hall was crowded, and was even better than the year before. On January first, the Glee Club entertained the patrons Alpha Delta Proctority at Providence. A dance followed on January twelfth, the Clubs went to Randolph, to play for the Men's Club of the Central Union. January seventeenth, the Clubs had another concert at the Williams School, Chelsea, under the auspices of the Teachers' Association. One of the best arrangements was the concert at the Wellesley Hills Tennis Club, February twenty-fourth, the last concert of the season, but the cagglage girls present at the Union last fall will remember. The next day, the Clubs went to Providence to attend the Winter Convention, and Those who went on the trip will not forget for many a day the many interesting and funny things that happened. March seventh, there was a concert at Waverley preceded by a supper and March fourteenth, one at Donohue's. It was here that Richardson made his first real debut as a soloist. March twelfth, a concert in the Congress Hall was given in Lyden before a packed house at half past six, the whole sale of Alumini. March twenty-sixth, the Chemcals Society Notice was given in Cooley Hall, the attendance being respectable. A fact worthy of mention is that both Spring and Winter Concerts were financially successful. The clubs went with delight at the beginning of the year, and the highest points were the meetings that they have a new balance with all liabilities paid. Part of money was spent in an excellent banquet after Musical Night. Next year, the clubs will be sent out early as it is planned to take a Western trip during Christmas vacation. Such cities as New York, Buffalo, Chicago, and Pittsburgh will probably be visited. At the banquet, the following officers were elected:

President: P. W. J. Hauser, 14; Secretary: P. D. P. L. White, 15; Treasurer: E. E. Williams, 15; Assistant Manager: W. E. C. Waterman, Rubber Walker. The list of men below is the official one at which the Union rang out with musical selections of the evening included Panama and Mr. McFadden from the Dean of the evening, and Mr. Howard addressed the students from the High School who were receiving their diplomas for the purpose. The invited speakers for the night were Assistant Manager Waterman, Rubber Walker.

CHEMICAL SOCIETY NOTICE

Any member of the Chemical Society who has attended one or more examinations may obtain one by leaving a notice for the examination. The examination will be open to all who can meet the requirements. The examiners will be the professors of the department.

CHEMICAL SOCIETY TO HOLD FINAL MEETING

At the last meeting of a successful year, the Chemical Society will be called to order at eight o'clock. Professor Richards of the Mining Department will then address the Society in the Union at eight o'clock. In his usual interesting manner, he will address the meeting on some subject of great importance. The Society will then be open for the election of officers for next year. The election will be held at the Institute, and the results will be announced at a future meeting.
