Students of Civil Engineering

You should read the ENGINEERING RECORD in connection with your studies. It describes engineering works which exemplify the best in design and construction.

It will keep you in touch with the work of the leaders in all branches of civil engineering and construction.

It will make clear the practical applications of the engineering principles you are studying.

The RECORD is devoted exclusively to sub subjects of civil engineers.

Its contents contain an immense amount of valuable technical and practical information on engineering work.

You should have this information on file for future reference.

Some day you will need it in your work.

The Engineering Record is published weekly at $3.00 a year
Over 2000 Pages of Reading Matter Per Annum
