**STUDENT LUNCHEON**
George B. Gavin of the Boston Globe, Prof. A. T. Robinson and P. A. Ballooa to Speak-

All who intend to attend the Annual Banquet of the Tech must sign up on or before Tuesday, as all who have not signed up on that date will be counted out Friday evening. The banquet will be held promptly at 6.30 p.m. in order to get through early and thus not interfere with the evening's lecture or any other engagements. The price to those eligible, as per list in the lower office, is 50 cents, all others $1.50. Mr. Sullivan, the City Editor of the Globe finds it impossible to record the names of the Tech participants, but the Committee are very fortunate in securing in his place, Mr. George B. Gavin, assistant Day Editor of the Boston Globe, who can tell many interesting tales of Newspaper Life. The other speakers will be Prof. A. T. Robinson, of the Institute Faculty, and P. A. Ballooa, of the Mausgs Printing Co. All come and make this the biggest Annual Banquet in years.

**Students of Civil Engineering**

You should read the ENGINEERING RECORD with exactness by your studies. It describes engineering works which exemplify the best practice in design and construction.

It will keep you in touch with the work of the leaders in all branches of civil engineering and construction.

It will make clear the practical applications of the engineering principles you are studying.

The RECORD is devoted exclusively to sub-texts of interest to civil engineers.

Its volumes contain an immense amount of valuable technical and practical information on engineering work. You should have this information on file for future reference. Some day you will need it in your work.
