The work on the 1913 Technique has been under way for a week and is now in good running order. All the members of the board have been busy on their separate departments and much is being accomplished at the start, it now remains for the school, as a whole, to cooperate with the board, in making the Year Book for the season of 1913-12 a success.

We want the 1913 Technique to represent the entire school and not simply the Junior class. In order to accomplish this we need the help and support of every individual member of the Institute. This support can be given principally in the Art, Grind and Class History Departments and will, for contributions to our Art Department from members of all four classes, and all work will be highly appreciated.

LARRY HART, '13

by the Board. To the man having the largest number of credits accepted we will present an edition of Technique. We will also give a De Luxe Edition to the man in each class who writes the best class history.

The competition for the Assistant Business Managers is open to all members of the class of 1913. This competition affords fine business experience to all the competitors, and the two men securing the largest number of advertisements before December 1, 1911, will be chosen as members of the business staff. All members of the Juniors who have the time to devote to this work should get out and show some spirit and enthusiasm by bustling for "ads." Any man desiring to do so may obtain full information and directions by reporting to Business Manager Calfes at once.

Are you a "Grind"? "No, but you are a Freshman, Sophomore, Junior, Senior or Irregular," and this applies to you. A free edition of Technique will be given to the man having the largest number of "Grinds" accepted. This is a plan which has never been tried before, and the fact is that this plan will, in a contribution of material to the Year Book from management (with the exception of the Grind Freshman). All jokes, car- loons, verses, stories, etc., are included in this department. All articles must be typed or written legibly and addressed to Wm. de Katzenberger at the Cape.

TECHNIQUE GIVES OUT FIRST PLANS

Usual Prizes For Good Work in Various Departments—Routine Business.
