Cambridge, with deliberate, and with malice aforethought, bear a poor
dumb puny weaving machine out of a seat? Well, such a man exists here at the Institute, or at least he did yesterday. At present, we do not know whether his dishonesty has gotten him into more serious difficulties or not. If the gentleman (?) should repent and decide to make reparations, the burden will be in reply and waiting on the bandwidth, half-way up the stairs to the Union.
