1914

Unless something unexpected occurs, hope you will be no further So- more class meetings before Field Day. For this reason it depends upon every 1419 man to feel his responsibility in helping to successfully carry out the various class affairs which are coming shortly.

One departure from past custom is made by 1914 by doing away with the Freshman dinner dancing. Another innovation is to be tried by 1914 which, if successful, will very likely become an established custom at Tech. The "election" dinner is to be held at six o'clock on Field Day this year. If 1914 men turn out well, the Field, and at the Theatre, and particularly at this dinner, November 3rd should be a mighty big day for the Sophomore class.

The special effort made at the close of last year put the finances of the class into excellent shape. The easiest and best way to save the class is to send them in with the annual election ballots. To put the class on a good financial footing desired, a good big vote will help materially.

Field Day, this year, must be a clean sweep of football, relay, and tug-of-war for 1914. So far the men have turned out in fine shape. What is needed now is so much more of the same. As medium weight men to fill the teams. For the efficiency of the teams, it is important that men who are interested try for any team turn out now. Any delay in coming out may prove dis- nersation when the team is put to test on Nov. 3. Nothing further will be said in that connection at this time.

Every Sophomore knows that this is 1914's last Field Day, and if he has the right spirit he will try for some team, without any coaxing, and do it immediately.

Finally, it will be in every man's interest to get his name registered for Tech Night as soon as convenient. Reservations will be on sale during noon hours in Regans corridor the rest of this week.

The elections, which are of particular interest to Sophomores from now on until midnight of November 3rd, are these: Daily team practice; nominations from October 20th to October 27th; class elections and payment of annual dues, from October 27th until noon of November 3rd; Field Day in the afternoon on November 3rd, the dinner at 6 P.M. of the same day, and after Tech Night at the Colonial Theatre.

T. KRUGER, President.
