Can you do a little stunt of any
kind? Can you dance a clog or
anything else, more or less artistic?
Can you play any musical instru-
ment? Do you distinguish the
neighbors with your vocal abilities? Are you in any
way humorous? If so, the Entertain-
ment Committee will use you and
your various talents on Friday even-
ning, October 27th, when the Annual Hook Night will be given with enthu-
siastic student talent.
The first Hook Night was held two
years ago and was not quite the suc-
cess we had this year, though, due to the lack of active participations and the
injection of several unusual features.
Last year the entertain-
ment given was one of the most suc-
cessful ever. It is on the entire list and was
popular because of the means of bringing out our students' talents, the latter being seen to
particular advantage later in the year at the presentation of the "Chocolate Soldier" Minstrel Show.

There are, no doubt, a large num-
ber of men in the Institute who would be glad to do their little stunt, but
are waiting for a personal invitation. A moment of thought would easily show
one that this would be impossible unless the committee cannot poss-
ibly be personally acquainted with all the talented undergrads, and if they were, lack of time would
prohibit such an arrangement. For this
reason, it is hoped that a large num-
ber will enter as soon as possible and thus insure as great a success as the last year's Hook Night.

They are there. A man at college ob-
tain an advantage in his companion-
ship with men; but a business man
must also obtain this. Success does
not primarily depend on brains, but
more upon hand and eye. A college edu-
cation gives a man a store of re-
sources, but he isn't worth much if he
never gets along with men.

The important things a man should
master are discipline, secretary, neat-
ness and subordination. A man who
must start of all have his health; his
character must be good; his physical con-
dition must and his character un-
tried. He should not complain too
often about his bad luck.

On graduating the college man
thinks he knows it all, has no
target and little idea of the value of
