Advertisements within the Boston Pectoral and outside of the United States must be accompanied by postage at the rate of one cent per copy.

Printed at fuller, 117 Columbus Avenue.

SATURDAY, NOV. 1, 1911

Did you pick the winner?

Field Day, 1911, will go down in the annals of the Institute of Technology as one of the most successful since the inauguration of the event, ten years ago. The winning class was shown good, hard opposition in every event and had its put forth their best efforts "barking home the bacon." In every way it seems that the best team was won each of the events. The losers certainly put up a game fight and have nothing to be ashamed of as they surely did the best they could have to offer except that the Froshmen were better prepared and showed better form. We congratulate the Froshmen on their clean cut victory.

The cross-country certainly made a fine showing, considering the fact that Captain Benson had not been able to practice for a considerable part of the Fall on account of injuries, and that several of the other promising candidates were not available this Fall. The men who ran certainly made a good try and should redouble their efforts to make up for this reverse and win from Brown, and then place well in the intercollegiates. At the latter time they will have another chance to show Harvard that M. I. T. is still in the race.

COSMOPOLITAN CLUB.

Plans For National Nights and Special Events This Year.

The first regular meeting of the National Chairman of the M. I. T. Cosmopolitan Club was held on Wednesday afternoon, November 1, in the Union, ten nationalities being represented. The first business was the announcement of the national evenings and it was decided to hold them on the following night: Chinese, November 2; Latin-American, November 3; American, November 4; Japanese, November 5; Medico, November 6; European, November 7; and second Chinese evening on November 8.

There are to be two innovations introduced by the club this year: a New Year's dinner to be held at the Tech- nological on December 31 and an afternoon tea to be held at April in April during Junior Week. The club has received a number of letters from President Taft and Admiral Togo wishing it every success in the year's program and congratulating it on the excellent work it has done in furthering Froshmen coöperation.

MR. ROURKE TELLS CATHOLICS OF PANAMA

Most Interesting Consideration of Canal from the Standpoint.

The Catholic Club had an enjoyable meeting last evening in the Union and listened to a most interesting talk by Mr. Lewis R. Rourke, '85, Commissioner of Public Works in Panama, who told of the "Building of the Panama Canal" and many of his personal experiences from the human point of view.

He spoke briefly of the history of the canal from the time of the discovery of the Pacific Ocean and the early attempts to build it up to the recent attempts of the French and the present work which is taking place.

He then proceeded to explain the various conditions under which the work is being done in furthering and congratulating it on the excellent work it seems to have to the front in the Intercollegiate.

Its rate of one cent a copy.

To the proper Department.

Entered as second class matter, September 15, 1911, at the post-office of Boston, Mass., under the act of Congress of March 3, 1879.
