WRESTLING TEAM.

The competition was held on the last Thursday of this month. The exact figure is 227. If to this number we add those who have not signed census cards and who have not registered in the office of the T. C. A., we are left with a figure of about 200. The contrast between these church members and others is very striking, as it has been the general experience that a donation or a loan will be readily given to any extent whatever should be so request. This condition upon presentation of a receipt stated by the manager. No goods can be obtained at the special rate with the manager's endorsement.

STUDENT UNION.
