GRAND OPERATIC CONCERT
At Copeland's Palace
SUNDAY, DECEMBER 3, AT 3 P.M.

B. A. A. RUNS AWAY WITH ST. NICHOLAS
Piles Up a Score of 11-0 in Hockey Game at Arena Last Evening.

In a fast and clever game, which was filled with innumerable thrills and individual brilliancy, the B. A. A. hockey team defeated the fast St. Nicholas seven of New York, last evening. The score, 11-0, should be an encore game than in reality it was.

At the very first instant the Boston team rushed the puck to foreign territory, and Leslie shot for goal, the puck traveled high and struck the goalguard in the face and forced him to retire from the game. On resumption of the game the goal-making was carried by the B. A. A. in a very quick order they came, the first two in less than three minutes, followed by three within fifteen. The score at the end of the first half was five to nothing.

The Boston seven started immediately at the beginning of the second half to continue enlarging the score, meanwhile outplaying the visitors in every way. The goals came in quick order, the first one instantly, followed by three more, separated by short intervals. Following a fast scrimmage, in which rough tactics were used and several clever shots were stopped, the last goal was made just before time was called.

HANDICAP RACE.

(Continued from Page 1.)

up remarkably well in the I. C. A. A. race last Saturday. If running in his usual form, is a choice for the handicap prize. Cary will be on hand and should carry one of the beautiful cups now on exhibition in the Union.

If ex-Captain Ferry runs he is apt to upset some of the dopos, as will Tedty also, if he is on hand. Some of the other men who look promising are Peasley, Wall and Marceau.

All entries for the race will have to be in the box which is situated in the Union before Friday at 4.30, as it will be taken down then for the hand dynamo and no entries will be received later. It is interesting to note that no man can receive two prizes this year, as was previously the case. It is possible for a man to win both a time prize and also either first or second, but this year the prizes will be given to the three men who win, and if one man gets both the time and another prize, the next man in line will be given one.

FOOTBALL REVISION.

(Continued from Page 1.)

Mr. Cump said: "Regarding the suggestion that there be a fifth period in which a score could be made, should there be a tie at the end of the fourth, I am not prepared to go into full discussion, but I think it very unlikely that such a change will pass the Rules Committee, whichever or not it would be a good thing."

Dr. Carl S. Williams, the Pennsylvania advisor coach, has a very melancholy opinion of the game as it is. He says: "The rules must be changed in order to give the patrons a game, the students a sport, and to relieve the play of its momentsome sameness." He protest that not only have the present rules nearly spoiled the game, but they have not eliminated all of its dangers.

Happier ideas come from Coach Hammett of Northwestern University, who says: "I certainly would not mind in favor of going back to the old game. I think the game as played today is what college football ought to be."
