Mr. Frederick P. As presiding officer on various boards and commissions, and as director and president of large banking and industrial companies, he has had every opportunity to know the value of good speaking ability.

EXCELLENT CONCERT

GIVEN LAST NIGHT.

Program Given by Orchestra Enjoyed by Nearly a Hundred.

Did you miss one of the best Union Nights ever last night by not going to the concert? The Committee arranged an evening that couldn't have been improved. The members of the Orchestra deserve much credit for the way in which they handled the most difficult of selections, two of which would have done credit to Boston's best.

The first piece was "Dear Old M. I. T. Hasten, and I recall with great pleasure the number of the standard operas. Again, after a short interval, of cards and cake, a catchy piece of dance music was given in such a way that after many rounds of applause it had to be repeated. Other numbers on the program were: "The Chocolate Soldier," The Cardinal, and The Gay, the Ten to Tech and the Steel Song.
