DO WE WANT SIGMA XI?

Formation of Honorary Society Up to Undergraduates.

The TECH today publishes a bulletin and will continue to publish one for the rest of the week. It is desired that every man in the Institute indicate on one of them his opinion in the matter of the formation of an honorary scholastic society.

To briefly review the discussion on the matter itself: It was proposed some two years ago to establish here, either an independent honorary society or a branch of one already founded. Agitation looking toward that end has been around the year, and the Institute Committee has already considered in it. It is intended that the society or fraternity (which ever it may be designated) shall be more or less of a scientific or engineering nature, and might be established as a chapter of Sigma XI or Tau Beta Pi.

The bulletin will contain the votes of all members collected to date. It was proposed that every man in the Institute indicate on the bulletin his views on the matter. All comments should be addressed to the Institute Committee, Copley Square Hotel, Boston, Mass. and handled by theproper authorities.

SUBSCRIPTIONS, 50c per year. In adv., 25c. Special numbers, 5 cents.

Subscriptions within the Boston Postal District and outside of the United States must be accompanied by postage at the rate of one cent per copy.

Printed by Rucker, 47 Columbus Ave.

MONDAY, DEC. 11, 1911

IN CHARGE OF TUESDAY ISSUE.
