EDWIN D. MEAD TO TALK
AT UNION THURSDAY

The United States and the United World to Be the Topic.

Mr. Edwin D. Mead of the World Peace Foundation, and who has been associated with the Old Harvard Andover Society for a number of years, will speak in the Union on Thursday for the T. C. A. His subject will be:

The United States and the United World. This seems like an inspiring title and will offer a good opportunity to those men who have not yet been among the average IIIs present to come and be initiated into the series of talks that Thursday noon.

GATOR ON NEWBURY ST.

A New Addition to Menagerie

Owned by Tech Students.

One of the chief aims of the Tech athletes living at one of the houses on Newbury street seems to be to establish a menagerie. A new addition was made recently when one of the fellows brought an alligator from Florida, where he spent his Christmas vacation.

This new pet seems to be in a class by himself, and the fellows take a great deal of pride in showing it to the proper departments.

PROHIBITION FOR PROFS.

President Benton of Vermont University has decided opinions concerning drinking professors. Hear him:

No more hallowed sanctuaries

The college professor who drinks in public or in private will not be tolerated beyond the meeting of the board of trustees next succeeding his discovery; and I should say to you in perfect candor that I will not serve a colleague who leads an immoral life.
