MR. BERLINER'S GIFT
ARRIVES IN UNION

Bursar Rand Performs on New Victor
Much Appreciated by Lucky Listeners.

Those who were fortunate enough to be in the Union last night heard the new Victor played for the first time and the new records tried out in such a satisfactory manner that not a single selection from the wide repertoire was not appreciated, and everything from a duet by Caruso and Humor to the Overture was applauded by the enthusiastic students.

During the 30 minute meeting of the Odys and Electras the Bursar was frequently called upon to perform, and the various selections, including popular vocal "speaking" records and grand opera, which gave much added profit to the evening and interest with transportation problems.

SOPHIS PICKED TO WIN.

(Continued from Page 12)

the second medal. The only possibility that the young men have in this event is Wall. Wall was a substitute on the cross-country team last fall and roundly was given a good possibility for the team next year. If we also give the Prefects another point in this case they would only have 2 points to the 6 of the upper class.

Next, another Sophomore, is the pick for the medal in the high jump, with his teammate, Rieber, for the next couple. Towe is the only Sophomore that looks like a point winner, but the fourth place can also be given to him, which again splits the points 8 to 8.

Student, who can compete for the Sophomores, will probably win the second if he goes to 110. If he does, the Prefects will get a clean sweep here with Hildebrandt, Brees and Crowell. The points here should give the Prefects the advantage by about 9 to 2.

The pole vault is mainlly absent from one of our meets for the want of men to go into the event.

Assistent Manager White of the track team, who is in charge of the meet, has announced that medals will be given for first places. These medals will be winner's medals will be first with the regular Torc. Many men do not have medals have this choice to get them.

The above dope will give the meet: to the Sophomores by a score of 12 to 5. In general, it is only natural, and the Prefects have been given the shadow of every doubt, so much possible they will lose by a much larger score.

BATTALION NOT TO GO.

Hughes and Williams Represent Institute in Militia.

After all it may be that the Battalion do to have to go to Lawrence. While the article in yesterday's paper had the main factors correct, there has since some additional news regarding the situation. It appears that the Institute is already well represented on the field, there being several members of the militia who are also students here.

Among these men is Mr. W. W. Hughes, a Senior in Course V. Another of the military men is J. R. Williams, a Freshman, who happens also to be Major Cole's assistant in Military Science. The Governor has finally determined that although the Battalion might be able to do a great deal toward quelling any trouble, that to draw the men from their other Institute work at this time would be unjust. This decision was reached after careful consideration of the excellent work of the militia men from the Institute and that to be sent to them. It will probably be a blow to the hopes of the young soldiers.

Eyglasses and Spectacles.

We allow "Tech" Students and Instructors 10% Cash Discount On New Orders, also on Opera and Field Glasses, Compasses, Pocket Knives, etc. No discount allowed on restricted goods, repairs or charge accounts.
