105 TRACK MEET.

In the afternoon the Freshman track team met the Midnight High School team in a meet in the Gym.

This contains the Freshman track team and the Midnight High School team in a dual meet in the Gym. From the present outlook the competition should be very keen.

The Freshmen have had up to the present time no one except only one, and that was the band of the '88s, which has several Varsity men working for the school. Medford has, as usual, a good team, with plenty of material for all events, while Tech, although it has a sufficiently large number of men, is greatly handicapped in not having different men for each event for the whole team.

It is by no means certain that all the points will be won.

G. B. G. is the star performer for Tech, having taken more firsts than any other on the team at the Lowell meet. Captain Teas has been topping the bar by credibly, and his performance tomorrow afternoon will be watched with interest.

Barry, who is entered in the 30-yard dash, the 300 and the relay, is regarded as one of the mainstays of the team, and if he fails to bring home several of those sprints it will be very much surprised.
