ALL INVITED TO HEAR TALK ON PATENTS

Mechanics Have Secured Mr. W. W. Dodge to Give Talk
This Afternoon.

The Mechanical Engineering Society will hold an open meeting this afternoon at 4 o'clock.

The speaker is one of the most prominent patent attorneys in the country. He has several practical suggestions concerning methods that the inventor might find useful in securing his rights to exploit the meeting. He intends to give a talk on the patent laws, the patents which exist or should exist between employer and employee, and the inventions that can be used in the factory.

These hints of some of the good things that Mr. Dodge has in store for his hearers are reason enough that every member of the Civil and Electrical Engineering Societies should honor Mr. Dodge's request and attend this meeting in full force.

The speaker is one of the most prominent patent attorneys in the country. His son, now a member of his firm, Dodge & Sons, graduated from Course II in 1912.

Besides the members of the Civil and Electrical Engineering Societies, the Mechanics want any Tech man who is interested in patents to come to this meeting this afternoon at 4 o'clock.

THE WEATHER MAN.

Dr. Abbot to Tell of Effect of Variation of Solar Radiation.

After having returned from North Africa during the past month and having pursued his work on nearly every corner of the globe, Dr. Charles G. Abbot, '94, will speak this evening in Huntington Hall before the Society of Arts on some of his world famous work and extremely interesting experiences.

Dr. Abbot, the youngest member who (Continued on Page 3)

CLASS BASKETBALL

The Freshmen will go up against the Sophomores in the second game of the basketball series this afternoon. When they come up against the frosh, the Harvard team will play against the Tech, the Harvard team being a bit stronger than the Tech. The game will be played in the gym, and there will be a lot more to win.

The men playing on the Varsity team, will play on the 1915 team, and this fact will greatly increase their chances of winning. Dalton is another new man who is expected to do wonders for the 1915 team.

MUSIC WRITERS CHOSEN.

Six Men to Write Music For Remaining Lyrics.

Couch Singer and the authors of the songs of the Columbia Carnival, W. S. Seligman, were presented with the first and second final tryout for the music writers of the Bowl held in the music room of the Union last Saturday afternoon. Several compositions have been selected from those submitted, and they will be printed for use in the Carnival.

The following men were chosen for their compositions as the best suited to the needs of the Show, and they will soon be printed for use:

They will co-operate with Couch and will be invited to the show, and they will be entertained and have a chance to hear the songs they have written.

HOCKEY TEAM OUTCLASSES PURPLE

In Lively Game Before Many Tech Men
Capt. Sloan and Eichorn Stars for the Institute, While Curtis Saves William from White-wash by Luckily Bounded Shot.

WITHIN the sight of one hundred and fifty skating Tech men, the hockey team wound up its season last night with a clean and decisive victory over Williams, the score being 7 to 1. The game as a whole was not the best for both teams, but some good points were brought out, and there was not a real dull moment during the forty minutes that the men were on the ice. "Ted" Sloan was, as usual, the star, and his fine rushing and shooting kept the Indians from the net all the time.

The 1st line was something of a surprise to the Tech fans, but it was a great one in the making, and they played fine games and both showed off, the "Cory" Sloan, who played a fast game, and was able to score, and it was added to the score of the Tech men only by a hurry-up shot of the puck, which was the ball from the goal, and while it was in the vicinity of the Tech goal Sloan saw a chance and, like a flash, caught it and shot and netted the goal.

After play was resumed, the puck was passed in my direction, brought to the Williams goal, and again was the history over Williams, the score being 5 to 1. The game was a close one, and the Indians were never in the game, and the Tech men were never in a hurry.

When the starting whistle blew the Williams men got the first and only wish on the white cloth, and Curtis, who had been a fan of the game, and the Tech men were well pleased.

TO RUN HARVARD.

Both One and Two-Mile Teams to Run Thursday.

Although our relay teams did not turn up in very bright style at the Columbia games last night, there were many fine efforts made, and there was not a real dull moment during the forty minutes that the men were on the ice. "Ted" Sloan was, as usual, the star, and his fine rushing and shooting kept the Indians from the net all the time.
