MUSIC AND MIRTH IN UNION FRIDAY EVENING

Committee in Charge Promises Entertainment Well Worth Hearing.

The entertainment which has been planned for Friday evening of this week promises to be the best ever held in the Union. The busy week has been a great deal, because we have already had several exceptionally fine entertainments this term. Everyone who attended the Pop Night concert, at which the music was furnished by the orchestra, was united in saying that the evening was one of the most enjoyable which they ever spent. This time the music will be furnished by the Musical Club, and it will give the men who were unable to attend the Winter concert an opportunity to find out what really remarkable organization we have here, one which any college in the country would be proud to claim as her own.

Other stunts have been contributed by men prominent in Institute affairs, and especially in last year's Show. The evening will be entirely informal. It is hoped that a record crowd will be present.

FRESHMAN GAME
Will End Season With Tufts Freshmen at Medford.

The Freshman basketball team ends its season tonight in their game with the Tufts Freshmen at the Tufts gym. Little is known of the strength of the Medford men as they have played mostly intramural games as yet. In these games they have, however, shown up well. The only game that was really competitive was the game that was with their 1914 team, which resulted in a victory for the 1915 men. This team is unique in that every one of the men was a captain of his previous school team.

The Tech Freshmen are not in the best of condition for the game. They have had no games since that with the Sophomores, in which they met with disaster, and since then have had scarcely any practice in which the team work, which is so necessary in basketball, could be developed. Added to this, Morse, one of their good men, will not be able to be in the game as he is needed with the Varsity against Brown. They have hoped, however, that the following line-up will be the best they can have this year:

MacBride and Wentworth, forwards; Newman, center; Scully and Dalton, backs.

CLASS DAY BALLOTS.
The Senior Class Ballot are out, and every Senior ought to have one by this time. If you have not got your out of condition for the game. They have had no games since that with the Sophomores, in which they met with disaster, and since then have had scarcely any practice in which the team work, which is so necessary in basketball, could be developed. Added to this, Morse, one of their good men, will not be able to be in the game as he is needed with the Varsity against Brown. They have hoped, however, that the following line-up will be the best they can have this year:

MacBride and Wentworth, forwards; Newman, center; Scully and Dalton, backs.

JUDGE LEVERONI TO SPEAK TO T. C. A.
Judge of the Children's Court to Be Here Thursday in Union.

Thursday noon, at 1:30 o'clock, in the Union, Secretary Talbot of the Christian Association will introduce Judge Leveroni of the Children's Court to speak there.

Judge Leveroni and his associates here are doing the same work that has made the Denver Children's Court so well-known under Judge Lindsey. In Boston there are three associates, who divide up the cases more or less uniformly so each gets types with which he is most familiar. Judge Leveroni is in charge of many of the foreign children who get in trouble. He has had wonderful success with a probation system that almost entirely prevents sending a child who has in some minor way offended against some law without any attempt to bring a suit or "reformatory." His cases are usually well started on the career that will be periodically punctuated by successive sojourns in penal institutions. But the probation method gives very different results that we will hear about from the Judge himself tomorrow.

MUSICAL CLUBS.
Concerts at Melrose and Newton Highlands Next Week.

Next week will be a busy one for the societies of the Musical clubs. As they are scheduled to give two concerts, one on Wednesday evening at the Newton Highlands and another on Friday evening at Melrose Highlands, both to be performed by the societies, which the fellows do not object to in the least. On both nights the men will be in special cars on the train. Time of leaving will be announced later.

ELECTRICALS' TRIP.
The Electrodens are going to make their second trip to the River Works of the General Electric Company at West Lynn this afternoon. Twenty-five men expect to start from the E. R. Library at 1:30 o'clock for the plant.

The party which visited the factory last week spent three hours in viewing the interesting parts of the manufacture of motors and other apparatus. The men were interested in watching the work of the many apprentices who were attending the company's electrical school which prepares them to become expert workers in the factory.

INSPECT HOOSAC TUNNEL.
The Board of Railroad Commissioners have engaged William L. Puffer, '98, now an electrical engineer and experimenting on the electrical equipment of the tunnel ecosystem, so that the Board may present a report to the Legislature concerning the late disaster there.

SHOW REHEARSALS EVERY AFTERNOON.
Chorus and Principals Are Learning Parts and Shaping Up.

Work in all the departments of the show is now well started and is going better every day. The eliminations in the cast and chorus are nearly all made, and the men chosen have been given their parts. A special rehearsal evening was given in the Union, where the music writers hard at work grinding out songs, Director remedies also hard at work grinding voiles into the scenes and costumes to be, with "The Little Napoleon." Coach Saenger, sitting on the back of a chair, has characteristic cigar in the corner of his mouth, and utilizes "MUSIC AND MIRTH IN UNI-
