TWO-MILE RELAY TO RUN DARTMOUTH TEAM

Will Take Part in Meet Held by National Guard at Hartford.

The two-mile relay team leaves at 7 o'clock this afternoon for Hartford, Conn., where they will take part in the second annual meet given by the Naval Militia corps of the Connecticut National Guard, in a race against the Dartmouth two-miler.

Some little is known of the quartet, but the track management has furnished them with rubber-soled shoes, and they have been working out with especial energy in the Gymnasium. The man will return to Hartford on the 2:30 train in the morning and arrive in Boston about 6 o'clock, so they will not miss their Saturday classes, although they will probably be fairly tired.

COMMUNICATION.

(We invite communications from all men in the Institute on important subjects.

We take no responsibility for any agreements and do not agree to print any that may come in, whether they are signed or not.)

UNION NIGHT.

There is, at the present time, among the Seniors at the Institute considerable discussion concerning the proposed twenty-five year class fund. There seems to be a two-fold purpose to the proposition: first, to help the Institute in its financial needs at future reunions unsuccessful members of the class, and second, to give the Institute what remains of the fund.

As a prominent Senior expresses it, the idea of this fund is to help “Live Wires,” those graduates of our class who return to the reunions, and make a big showing for the class of 1912.

I do not believe there will be many “Live Wires” bankrupted by attendance at a class reunion occasional years, and most graduates probably will probably not come to “four or five” for the money, but not the means for such an outing. To speak plainly, I do not believe the successful graduate should give the unsuccessful one a free entertainment every few years.

Every member of the class is, no doubt, more than willing to help his Alma Mater in every possible way, and such a fund for this purpose only will be heartily approved, but for any two-fold purpose as planned, it should be commended.

Think this over, Seniors.

B. H. Mornash, 1912.

T. C. A. TALK.

(Continued from Page 2, Col. 2.)

The Tech takes great pleasure in announcing the election of Oake Bonick Hilton and Arthur Clark Goodwin to the Business Staff.

HELP US!

It is a matter of universal regret that the prominent man in Boston, at least, goes away each Thursday from the crowd associated with the behavior of Institute men. We refer to the matter which has already been brought to the attention of the Institute, namely card playing in the Union during the meetings of the Christian Association. It is evident to us that the Christian Association, in its efforts to win the hearts of the large audience, whereas the card playing and loud talking is only con- served the Union. We mention this so that whether the pleasure of the many and the smooth and unselfish behavior of the few. We ask the cooperation of all to stop this annoyance, which cannot help but badly impress men whom we wish to possess a good opinion of our school.

UNION NIGHT.

This evening an entertainment is to be held in the Union and it should be a great success. There are so few of these entertainments through the year, and so few chances for Institute men to get together in a bunch that it behooves everyone who possibly can to attend these evenings when they are given. There is also another reason which should be impressed on every- one’s attention. It is the duty of every man in the school to see that the best men in the respective classes get the class officers. A good spirit must ever be pre- served, cherished and fostered, and it cannot be if we do not go to the meeting of our fellow class-mates.

Are you getting anxious for the Tech pins to arrive? The field will be open soon. Enter, Bill Hines.
