THE TECH SHOW PLANS.

It was expected that the Agency’s evidence against the guilty men will be so overwhelming that not, if not all of them, will save the State's money by combating and avoiding a trial.

Today, then, we are to have the opportunity to hear this man tell of his work, and probably to tell something of his “plant” method of trapping man into showing his guilt.

As O'Higgins explains in McClure's Magazine for this month: "That is the term for it—'plant.' When a detective has a man that can not be traced or hunted, he lays a plant and traps his game; and it is by the making of successful plants that Burns has made himself the figure of dread that he is to the criminal of every day. It is by the devising of successful plants that Burns has made himself the figure of dread that he is to the criminal of every day.
