CIVIL ENGINEERING
TRIP TO NEW YORK

Four Days Will Be Spent There
For the Inspection of Structures.

Twenty men have already signed up for the Civil Engineering Society trip to New York on Wednesday, April 3. The men will leave on the 6 o'clock train for Fall River and will take the steamer Providence for New York, arriving there at seven in the morning. About twenty more candidates for the Civil Engineering Department of the Institute accompanied the missionary as guide.

Thursday will be devoted mainly to the visiting of bridges along the East River, especially the Brooklyn, Wallingford, and Wave Gardens trusses. After this the Woolworth Building, which was designed by S. C. F. in the midst of a Tech man, will be inspected.

On Friday a thirty-mile trip up the Hudson River will be made to inspect the new aqueduct and the Croton tanks. This trip was made possible by the kindness of the great Tech man, Eig Corbin, of the New York Board of Water Supply. The entire day will be spent there in viewing the construction.

On Saturday the President of the Atlantic and Central Railroad, who is now engaged in the construction of the new Grand Central Station, will make it possible for them to inspect the situation, its transportation facilities and also the new and original kissing rooms recently installed for those whose kissing in public is vulgar. The Pennsylvania Terminal, the new Chelsea docks, and the new Elevated lines now in course of construction at Jersey City for the Delaware and Lackawanna Railroad, will be visited.

There is a possibility that the men will have an opportunity to visit the Peninsular Rolling Mills.

The evenings in New York will be spent as follows: the first night, under the guidance of Professor Moore, who will conduct them directly to the playhouse, will be seen the first play and evening of the tech show. To those who wish to visit the various apartments being held for the benefit of the Boston Society for the Prevention of Blindness.

On the last evening of the trip, Friday, the men will be given the opportunity of visiting a large number of homes that will report on this day to give the impression that the Techman is a rough man, for the games that the manager has scheduled are with the habits of the high school rooms in the neighborhood. One or two games will be played at their residence, and the home of the class teams of the Techman will be the playing room, and the first game will be held at the manager's home at Metcalfe's first home, at the corner of Boylston and Charles streets, at five minutes past three o'clock. As there probably will be no official to meet the men leaving at 3 o'clock, they may reach the A. C. Club house by taking the Cottage Farm car and arriving at the Cottage Farm Bridge. The entrance to the club house will be found by going down the steps on the Inside side of the bridge and walking a short distance.

It is not at all possible to give the candidates for the Technion's position a time in their newly acquired home. The terms being held by Czech O'Leary and E. B. Wettenael, last year's coxswain, and the names of the committee.

The following men have reported to the manager: H. A. Affel, '14; J. A. Nolin, '13; P. C. Cleary, '14; T. J. Duffield, '14; J. S. Popoff, '15; M. P. Pick, '13; G. Gore, '13; P. B. Gove, '13; C. W. Hall, '14; J. A. Zainsilow.

ATHLETIC CLUB

Meeting on April 5 to Discuss Joint Entertainment.

On the fifth of April the Cosmopolitan Club will meet and all officers and members will be present in front of the Y.A.A. Club house for the selection of the site for the joint entertainment to be held in the interest of the Techman Memorial Fund. Plans for the joint entertainment to be held in the interest of the Techman Memorial Fund will then be discussed. One of the most important parts of the Fund Committee will be in attendance and will talk on the subject.

The preliminary entertainment that will be held on March 30 promises to be an interesting affair. No admission is charged and all students are invited to be present.

VARSITY CREW
ON CHARLES TODAY

Large Number of Men to Witness the Launching of the New Shells.

This afternoon the Varsity Crew squad will take to the water for the first time of the season. The men will start on the Charles River and from there to the harbor, where they will be met by the steamer Providence for New York. William O'Leary, as yet the head coach, will be in attendance.

Because of the various scheduled events the roader will have to go to one boat house in two sections. Those finishing their classes at 3 o'clock will meet Manager Geo at Metcalfe's first home, at the corner of Boylston and Charles streets, at five minutes past three o'clock. As there probably will be no official to meet the men leaving at 3 o'clock, they may reach the A. C. Club house by taking the Cottage Farm car and arriving at the Cottage Farm Bridge. The entrance to the club house will be found by going down the steps on the Inside side of the bridge and walking a short distance.

It must be realized that the candidates for the Technion's position a time in their newly acquired home. The terms being held by Czech O'Leary and E. B. Wettenael, last year's coxswain, and the names of the committee.

The following men have reported to the manager: H. A. Affel, '14; J. A. Nolin, '13; P. C. Cleary, '14; T. J. Duffield, '14; J. S. Popoff, '15; M. P. Pick, '13; G. Gore, '13; P. B. Gove, '13; C. W. Hall, '14; J. A. Zainsilow.

Applications Sent to Students—Classifications Observed.

On Saturday afternoon fifteen hundred applications for seats at the Tech show performances were sent out to the management. The applications held for all performances, but the Show management wishes it understood that choice of seats at the Tech show depends upon the rating as given in the applications, and that the choice of seats at the oldest depends upon what are received at the show office first. The show office in charge.
