SPRING CONCERT TICKETS AT UNION 1-2-3

APPLICATIONS FOR SCHOLARSHIPS DUE
The Registrar Gives Details of Each of State Scholarships

The Registrar's office has sent out word that the deadline for applications for scholarships is now receivable, and forms to be found in the Registrar's Office before a date fixed for April 11th, except that State scholarships come under different rules.

In respect to the regular Institute scholarships the notice says:

"The applicant for a scholarship except a State Scholarship, must make his hand in his application blank to the Registrar's office, while a State Scholarship may be obtained at the office. Applications dated and numbered will not be disputed, but the applicant must notify Professor Frewy in writing if he desires to apply for a scholarship grant next year. With the same the close classes are made and all free hours for consultation. Each applicant will be notified through the Registrar's office in respect to the date selected for consultation. Students may apply to the second class scholarship committee.

State Scholarships. Applications should be made to the State Board of Education before the first of July, that is to be accepted at the State House.

"While the State Board of Education has full control of the award of State scholarships, it is customary to submit all applications to the Faculty for endorsement as to standing, and for the selection of the man in the possession of the Faculty may war.

To illustrate the point, the Scholarship Committee has no authority or influence in the making of this decision. The Committee has the faculty's advice as other data in the selection of the men for this last minute, because there has been a very large number of applications from applicants for State scholarships, it is customary to place the name of the scholarship in its proper order that the men will be able to enter the tunnel and observe the work of building. The next step will be made at Elmsford, where the men will be the work of placing the exterior concrete on the outside of the Elmsford slipway. Here the men can also view the outside of the tunnel and enter a completed section of it. The party will lunch at Tarrytown and go to Croton Dam. From Croton Dam a long walk to the new Croton Dam. From Croton Dam a long walk to New York is in time for dinner. The party will arrive at 9 o'clock Saturday morning and go by way of Cuubremon Bridge and then go to Grand Central Station. About two hours will be spent in looking over the work in progress at this point. This station offers a good example of a railroad station which is being rebuilt without disturbing traffic in it during the changes. The men will visit the new Grand Central Terminal, which they will visit in as great detail as possible. The party will inspect the transportation facilities at the Union Station.

The Civil Engineering Society trip will start this afternoon, the members being taken in at 3 o'clock by the New York by the Fall River Line. Tomorrow morning the men will have an opportunity to go up to their hotel. Later the men will lunch at the Tech-
