WIRELESS SOCIETY TO HOLD MEETING SOON

Election of Officers Will Take Place—Important Matters to Be Discussed.

The Wireless Society will hold an important business meeting in the near future, at which a representative of the Clay-Beacham Company, manufacturers of wireless apparatus, will speak on the work of the company and other things connected with wireless telegraphy. The society has not yet heard when it will be convenient for him to attend the meeting, so no definite date can be announced at present.

The election of officers for the coming year will take place at this time. Elections should be held annually at this time, but in the last few years they have been put off until later for various reasons. The officers wish everyone to attend if possible.

BROWN VS. TECH.

Tennis Matches Will Soon Be Played.

The Technology tennis team is getting into shape to meet the Brown University players in the dual contest to be held in Providence on April 31. This will be the first event of the season for the Brown men, but it is expected that they will make a good showing, as their entire last year's squad is still in college.

These men are: Captain Schoboa, Brown, and Guild, and there are quite a number of promising men seen at the courts.

Brown defeated Tech at Longwood last year by a score of 3 to 1, but there are certain to be some close matches this year, and the team hopes to give the Brown squad a surprise.

The late Joseph Pullitzer left $2,000, 000 to Columbia for the purpose of establishing a school of journalism there.

Don't Pay Fancy Prices For "Store Clothes"

Get a suit that was built for you

Not one, that looks as if it were wished on you

My prices are fair and well within your reach

My fabrics bear the stamp of style

I furnish a perfect fit and guarantee my product.

Come down this afternoon and see
