**ARCHITECTS SUBMIT EXCELLENT DESIGNS**

Intergal Ligle Competition Re- 

sults Will Be Announced Tomorrow. 

The Intergal Ligle Architectural 

competition has just come to a close 

and final judgment will be made 

on the designs by April 10, when the re- 

sults will be announced. In the Insti- 

tute twenty-four men entered the pre- 

liminary contest in Class I, and 

twenty-five in Class II, the problems 

being a design for a Museum of Ap- 
plied Science and a Riding Academy, 

respectively, and some very creditable 

drawings were submitted. 

Mr. Smith, the Architectural 

Department of each school takes charge of the com- 

petition among its own students, but the final judgment 

is given by a jury 

consisting of a representative from every 

college entering the contest. 

The members of the jury, however, 

must not be members of the instruct- 

ing staff. The department selects ten 

in each class from the large number 

of preliminary sketches submitted, 

which are sent to Harvard to be pass 

ed upon by a jury. The winner 

of Class I, which is open to fourth 

and fifth year men, receives a prize of $50, 

while the third year man winning 

Class II receives a $50 prize. As many 

other designs as deemed worthy 

receive mention. 

After the drawings have been on ex- 

hibition at Harvard for a week, show 

ings will be arranged for in Pie for a 

length of time, and finally go the 

rounds of the other schools.
