SPRING CONCERT PLANS.

Programs Distributed April 12—
Tickets in Union at 1 Today.

Programs for the Spring concert will be at the Union at 1 o'clock Fri., April 12, and they may be had at that time on presentation of the card which accompanied the tickets.

Both the Glee and Mandolin Clubs have made great progress during the last week, and all the numbers which will appear on the Spring concert program have been mastered. Some of them will be rendered at a concert in Harvard which the clubs give tonight. The Technology Orchestra has accomplished much in the last week, and the leader reports that the club will make a fine showing at the coming concert.

A number of very good seats are still held by the ticket department, and you who have not as yet subscribed for seats may do so at 1 o'clock today in the Union.

INTERSCHOLASTIC DRILL

In Armory May 24, at 3:30—
Many High Schools Entered.

The annual interscholastic prize drill will be held in the Armory on May 24. This year the drill will be entirely in the manual, and the men will act through the squad drill. The teams this year will consist of three men each, and most of the high schools near Boston will be entered.

Company drill by the Tech Battalion will begin at 3 o'clock, and at 3:30 the prize drill will start. When this is over the battalion will be paraded and Major Cole will present the prizes.

The inspection of the battalion by the officer detailed for this district will take place on the last Thursday in the term. The prize drill will probably be held on the evening of the Friday before.

OVINGTON ON AVIATION.

The Boston public will have its first opportunity on April 16, at Tremont Temple, of hearing Mr. W. E. Ovington, a member of the class of 1895, tell the story of his brilliant career as an aviator, with stereopticon pictures.

Among other experiences he describes his learning to fly at the Bleriot school in France, his first flight over London, and his winning the Boston Globe's $10,000 prize in the tri-State race last September. His instantaneous success before the Society of Arts has created a great demand for his services, and he has said that he is now the highest paid and most entertaining lecturer in the United States. He will answer questions at the close of his talk.

HOOK NIGHT IN DANGER.

The Union Entertainment Committee has received only four entries for Hook Night. Those entries which have come in well and soundly, however, cannot at least much more men give their names to the committee before 6 o'clock today the entertainment will not be given. Names may be left at the Cage.

The Cornell varsity crew has met a severe setback in the loss of Ernest F. Howen, for two years a star in the boat, and one of the best cars of the varsity. Howen was also commodore of the C.N.R.A. naval.
