INTERCLASS MEET
NEXT SATURDAY

Running Events Will Be Close
and Records May Be Broken
in the Mile.

If the weather man is generous and
spurring with his rain the Interclass
meet next Saturday afternoon promis-
to be a big success. The times
will undoubtedly be better than those
made last Saturday, and conditions
appear that records may be broken in
the longer sprints and in the high
jump. The Sophomores seem to have
the best chance to win, followed by
the Juniors. It will be a hard battle
between the Seniors and the Freshmen.
Much interest is centered
on the quarter-mile, as the members
of the indoor relay team will fight for
this place. T. H. Guething, '14, has
the odds with him at present, though
T. E. Holton, '14, followed him very
closely across the tape in the former
meet. R. Munson, '15, R. C. Thompson,
and the Freshman, J. Honan, will
make these two to their best.

The 380-yard run seems to belong
to Guething; but W. Bylund, '13, and
his classmate, R. Palmer, will make
him run for record time or better.
The mile will be the best and the
second of the event. E. O'Connell, '12,
is picked to win, but calculations may
be upset by the cross-country runners,
A. F. Nye, '14, C. S. Lee, '14, and
G. C. Shed, '14, and the "Old Reliable,"
S. T. Munsen, '12.

In the field, the high jump is
another event in which the record is in
danger. Captain P. W. Dairymple is
seen to be a big success. The times
the inch and half may be considered
fleetly, the Sophomore, L. S. Hall,
and E. Sherbird, and E. Towne, are
the next best jumpers, with Hall
triumph in the lead for second place.
The weight-throwing contests will be
rather mediocre. The shot-put will
probably go to the Freshman, J.
Crowell, J. O'Brien, and H. E.
Eberhardt, and E. Teeson, '15,
who have the best chance to win, followed
by the others. The dis-
orcher and the pole vault is a toss up for
the classes.

There are two men in whom Tech
place hopes this year for the
Olympic games at Sweden.

Captain Dalrymple and Guething
Will Try for Places.

Captain Dalrymple, of the Technology track
team, who has been a track
high jump last year with a leap of
5 feet, 11 1/2 inches, and Coach Kanaly
now of 6 feet,

Also, in the long jump, of 6 feet, 2 inches,

He has his classmate, R. Palmer, will
make him run for record time or better.
The mile will be the best and the
second of the event. E. O'Connell, '12,

in the mile. B. Munch, '13, R. C.

Munson, '15, J. O'Brien, and H. E.

Eberhardt, and E. Teeson, '15,

who have the best chance to win, followed
by the others. The dis-
orcher and the pole vault is a toss up for
the classes.
