Repeat Their Performance of Last Year

THE TECH AGAIN WINS FROM TECHNIQUE TEAM

Their true tradition, again, had the chance to play for the most popular healthy team. The Tech, in the annual game with THE TECH, according to the scorer's marks on the ground, the ballplayers scored 34 runs and Technique crossed the plate six times, but no one was satisfied on the score, and rubbed out one of THE TECH's tallies, and their score may have been later.

Groundkeeper Hines opened the game at 10 o'clock, getting up an hour early to perform this honor. The two teams was playing the rule book, so as to be able to argue with the umpire.

At 11 o'clock the faithful groundkeeper and assistants brought out the big of Piels and placed it on their throne on the third base line. As no official pitcher was available, Gibson was appointed, to be the umpire. Gibson was chosen to be the official master of ceremonies had been appointed, for Gibson was as effective as Goodell. Not one of the game for the Inkslingers, and didn't want the Techniquers to walk, though, not because they would not, but because they would not want to.

In every number except the second, there were tastefully selected and placed. The program was composed of eleven numbers, which were all very well received. Several of the Institute's Best Men Expect To Try For Championship.

SPRING CONCERT IS AN ENTIRE SUCCESS

The Tech will be represented at the championship wrestling meet to be held at the B. Y. M. C. A. a week from Tuesday. The amateur wrestling title of New England will be decided at this meet, and it is the opinion of Manager Messier that with as good a class of competitors as are to be found on the teams several should show up well.

C. E. SOCIETY BANQUET

To Be Held on May First at the Boston City Club.

Seventy-five men are expected to attend the annual banquet of the Civil Engineering Society, which will be held on the first of May, at 8 o'clock, at the Boston City Club. Arrangements have been made to have a number of the best speakers present. Among the speakers will be Lieutenant-Governor Lace, who is to be in attendance, and Mr. Gilmour, and who is particularly interested in the subject, as evidenced by the interest that he has taken in the financial support given to Toches by the "technical" toches.

The acting was uniformly good, and it is especially pleasant to recall the entire group of buffoonery, seriousness, and bad taste. Mr. Faunce was the principal one that this group is saying a good deal. Mr. Brown was excellent in a character out of which more must have been made, and Mr. Hastings did him justice to his part. Mr. James made a most attractive young lady, and so did Mr. Neill and Mr. Bright.
