THE TITANIC.

The terrible steamer disaster, so fresh in everyone's mind, has left an inerasable mark on the whole nation. It seems hard to credit in these days of scientific improvements that such an unspeakable disaster could occur. Here was a ship, to all intents and purposes, an island, able to withstand any conceivable dangers, concerned, speeding along the night with its band of merry-makers and sleepers, in a second rent apart, and in an all too well learned by the Seniors who are by everyone. The lesson should be and terrible as this disaster was, it short four hours, lying a wreck at the of merry-makers and sleepers, in a along through the night with its band

was a ship, to all intents and pur-

The world must learn by example, that such in-erasable mark on the whole nation.

TECH MEN ENTERED IN N.E. A.A.U. MEET

New England Championships to be Held in Boston Y. M. C. U. Hall Tonight.

Five Tech men will be entered in the N. E. A. A. U. wrestling championships, which will be held tonight in Union Hall, Boylston street, under the auspices of the Y. M. C. U. The entry list for the meet contains some of the best amateur wrestlers in New England, and one of the best meets ever held is promised.

The Tech team is depending especially on W. Treat to win one of the events. Treat has shown up well against Dr. Trovan, who is regarded as having one of the best chances for the championship, and although he has lost twice to this man, he has given him a hard bout, and has been thrown only once by him.

Captain Shapley is also one of the best men on the team. He won his bouts in the Milky Way Tournament and has not been actually thrown this year. W. Crowell, 10, is fast for a heavy man, and Arlo, Means, C. Hodgdon and E. Goodell are doing good work as well.

The following officials have been chosen: C. G. Baker, referee, and other interesting details concern- ing the railroad facilities which exist.

The officers have made an especial appeal to the members of the society to be present, for the reason that they feel so much interest will be discussed, and that the meet- ings of the year are so near an end. Refreshments will be served at the close of the evening.

WANT TO WORK?

What are the answers to the question: "What is Freshmen baseball?"

FRESHMAN BASEBALL.

What is the matter with you Freshmen—are you doing your work well,_fashion? Don't you know your annual games against your team? You are to take place in the short time of the year. The big banging at least any Freshmen team ever got from the second year class, or you wake up from your long winter sleep and regenerate a little of that class spirit which you showed signs of possessing at the beginning of your first year school?

Time and again articles have been placed in THE TECH about the need of support of the lowest classesmen are giving their team. We hope that after this we will have no further need to remind the men of their duty to their class.

Come out, men, and try for the team. We have some promising freshmen and expect a few who are not yet ready, but don't let the class of 1915 go down in history as being too young to wake up from the long winter sleep and regenerate some of our glorious old Alma Mater.

L. PINOKOS, College Tailor

announces the arrival of his complete line of Spring and Summer woolens which are now on display at the Boston and Cambridge stores.

AWAY ARE WE PROUD OF IT? Yes

**Men's Furnishings**
