COMPETITIVE DRILL IN ARMY WEDNESDAY

Interscholastic Squad Maneuver and Freshman Review to Feature.

Plans for the Interscholastic prize drill to be held on Wednesday, April 24, in the South Armory, are completed and those in charge expect to have a record-breaking crowd present. The Fife and Drum Corps are drilled to the minute and are able to give good music. C. W. Fry is drill master. R. G. Brown, K. P. Foster, H. Niemann, and L. R. Pimentel are buglers. The fifes are played by P. W. MacNeill, P. A. Keefe, T. R. Johnston, and W. M. Carr; and D. W. Purnell, F. H. Gary, G. R. Urquhart, Lewis, A. H. Anderson, and E. T. MacBride are the drummers.

Drill will commence at 3 o'clock with the manual of arms by the Freshman Battalion. At 3:30 the competitive interscholastic drill will commence. Those who will participate will be squads from the various out-of-town high schools that have been invited to send down picked men to compete for prizes. This will take up the greater amount of time until 5 o'clock. The feature of the program will be next in order, namely, battalion review of the Freshmen, headed by the Fife and Drum Corps.

Tickets are fifty cents and may be obtained from any of the members of the Signal or Fife and Drum Corps.

RICHARDS IN DENVER.

Professor Robert H. Richards, who is in charge of the Department of Mining Engineering and Metallurgy, has left for a professional trip to Denver, Colorado. While in Denver he will confer with Mr. Frank E. Shepard, 1897, President of the Denver Engineering Works, who handles his various inventions, and will visit the Golden School of Mines.

On his return trip he will stop at Rolla, Missouri, where he received an honorary degree of Doctor of Laws from the University of Missouri in 1908, and thence to Hancock, Michigan, where the Michigan College of Mining is situated.
